**Tino Sehgal** Jessica van den Brand, 2015-02-04 In the midst or possibly the end of the greatest bubble the art market has ever known this book is an analysis of Sehgal's work in relation to the art market and looks at the value of art Artist Tino Sehgal does not produce any tangible work but performance like constructed situations the photographing and documentation of which he prohibits However they are exhibited and sold like any other work of art Based on the writings of great scholars in the field this book investigates why the institutional framework of the museum is essential to Sehgal's work and constitutes it as a commodity and how immaterial art can circulate through the art market Tracing Sehgal's legacy back to Yves Klein and Marcel Duchamp we see their lasting influences that contributed to the current art market in which works are sold as a system of IP rights A look is taken at these artists tautological claim to producing visual art the mystification of their practice and the establishing of brand names Exploring issues that all art is inscribed in we arrive at a situation in art history where the value and the price of art seem to have been conflated

Between Market and Myth Katie J. Vater, 2020-07-17 In its early transition to democracy following Franco s death in 1975 Spain rapidly embraced neoliberal practices and policies some of which directly impacted cultural production In a few short years the country commercialized its art and literary markets investing in cultural tourism as a tool for economic growth and urban renewal The artist novel began to proliferate for the first time in a century but these novels about artists and art historians have received little critical attention beyond the descriptive In Between Market and Myth Vater studies select authors Julio Llamazares ngeles Caso Clara Us n Almudena Grandes Nieves Herrero Paloma D az Mas Lourdes Ortiz and Enrique Vila Matas whose largely realist

novels portray a clash between the myth of artistic freedom and artists willing recruitment or cooptation by market forces or political influence Today in an era of rising globalization the artist novel proves ideal for examining authors ambivalent notions of creative practice when political patronage and private sector investment complicate belief in artistic autonomy Published by Bucknell University Press Distributed worldwide by Rutgers University Press **Arte contemporáneo y**

**The Routledge Handbook of Critical Finance Studies** Christian Borch, Robert Wosnitzer, 2020-09-15 There has been an increasing interest in financial markets across sociology history anthropology cultural studies and related disciplines over the past decades with particular intensity since the 2007 2008 crisis which prompted new analyses of the workings of financial markets and how scandals of Wall Street might have huge societal ramifications The sociologically inclined landscape of finance studies is characterized by different more or less well established homogeneous camps with more micro empirical social studies of finance approaches on the one end of the spectrum and more theoretical often neo Marxist approaches on the other Yet alternative approaches are also gaining traction including work that emphasizes the cultural homologies and interconnections with finance as well as work that more broadly is both empirically rigorous and theoretically ambitious Importantly across these various approaches to finance a growing body of literature is taking shape which engages finance in a critical manner The term critical finance studies nonetheless remains largely unfocused and undefined Against this backdrop the key rationales of The Routledge Handbook of Critical Finance Studies are firstly to provide a coherent notion of this emergent field and secondly to demonstrate its analytical usefulness across a wide range of central aspects of contemporary finance As such the volume will offer a comprehensive guide to students and academics on the field of Finance and Critical Finance Studies Heterodox Economics Accounting and related Management disciplines Chapter 14 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
