

The Tiny Seed

Story Sequencing with How/Why Questions

Book - Story Sequencing: picture & text sequencing with 10 picture pages - Sequencing with 10 Why/How questions with 10 picture pages - 100 words

1. Story Sequencing

As you look through the book together, read each page then ask simple questions about the relevant story sequencing picture and read the text aloud. Ask the children to answer in a random order and see if you can ask questions that by asking - "What?" Continue with the next 3-4 pictures until the end. Expect your child to be at least able "What" or "How" with the 10 sets of sequencing pictures and text.

10 flower seeds on the ground. Wind, flying in the air, is blown up by the sun, then there were 10...

- Why are the seeds flying?**
Because the strong wind was blowing them high in the air.
- Why did the seed get blown up by the sun?**
When the sun was in the sky and the wind was blowing the seeds up to the sun.
- How do you know there's a strong wind?**
When the sun was in the sky.

The Tiny Seed: Sequencing Activities

1. Sunflower Puzzle

Children sequencing puzzle with 10 pieces cut out from their own book. Use the book to read each page, to show each piece, and to check the sequencing. Show the (empty) wooden puzzle board and spread out all the 10 puzzle pieces and then say, "Let's see how a sunflower grows!" Present the first page of the book (the first 10 picture pages) and talk through the first 10 pictures e.g. "First, the seed in the earth grows a short stem and little leaves!" Then encourage your child to find the puzzle piece that matches the picture. Put the piece in the top of the puzzle, that into the wooden puzzle board. Then talk through the next 10 pictures, encourage your child to find the matching puzzle piece to place on the picture that into the wooden puzzle board. Continue with the next 10 pictures and matching puzzle pieces, and the last 10 pictures with the 10 matching puzzle pieces, until the puzzle is complete.

2. Sequencing Plant Growth and Seasons

From their own book, children cut out 10 sets of 3 pictures in sequence. Show the book and the first set of 3 pictures, placed on the table randomly. (One picture is the sun, one is the seed, and one is the plant growing in the ground.) Then encourage your child to place on the appropriate part of the book, sequencing on each stage. Do this same for all 10 sets (sunflower, apple tree, banana, then seeds into the ground) pictures, sequencing them in sequence in order and grouping them into the 10 sets in each season.

What's the same about a sunflower and a cactus?

The Tiny Seed: Some & Different

Sunflower and Cactus Pictures with Subboard of Sunflower number 1-10

Present the Pictures of the sunflower and the cactus, pointing out the sun and rain and saying the different parts you can see together: roots, stem, leaves, flower etc.

Then show the subboard and present the book with a choice of relevant statements for each number 1-10.

Read out the photograph at one of the no. 1 labels and ask which picture it goes to. If the child is the same with the other no. 1 photograph, move on to no. 2 and continue to the end.

Correct if the wrong one is chosen, by talking through.

Use this activity to support the questions on the story sequencing activity which prompt for:

- "What does a plant need to grow?"
- "How does a cactus grow in the desert?"
- "What's the same about a sunflower and a cactus?"
