Welcome to Shanghai the largest city proper in both China and the world. It is one of the major financial centers for Asia and home to one of the world's busiest ports. Its history goes back for thousands of years though it is perhaps not until the last thousand or so that Shanghai has been of any significance except to its inhabitants. For centuries a major administrative, shipping and trading town, Shanghai grew in importance in the 19th century due to European recognition of its favorable port location and economic potential. The city was one of several opened to foreign trade following the British victory over China in the First Opium War which allowed the establishment of the Shanghai International Settlement. The city then flourished as a center of commerce between East and West and became the undisputed financial hub of the Asia Pacific in the 1930s. Today Shanghai is a popular tourist destination. It has been described as the showpiece of the booming economy of China. There is only one thing to do now: visit. Let's go.
