This is a fascinating insight into the work of one of Hollywood's top directors and will prove invaluable to students of film studies and media studies all over the English speaking world.

From Antz to Titanic Martin Barker, Thomas Austin, 2000-06-20. Everybody analyses films. Ordinary viewers chatting on the way home afterwards. Reviewers telling us just enough to tempt or put off. Critics situating films for us. Moralists hunting for the harmful message. So what exactly is it that film academics do that's different? Martin Barker and Thomas Austin provide a jargon-free, accessible and student-friendly introduction to film analysis. They begin with a discussion about audience and a detailed case study on four conflicting analyses of Capra's *It's a Wonderful Life*. The authors examine a range of popular Hollywood films in a variety of genres including *Titanic*, *Deep Impact*, *Sleepless in Seattle*, *The Lion King*, *Starship Troopers* and *The Usual Suspects* and provide vivid demonstrations of what can and can't be achieved with close textual analysis. The book ends by proposing a list of measures for assessing the adequacy of film analyses: measures intended to lay the basis of a way of doing film analysis which goes beyond theoretically predetermined and often obscurantist assertions. Explicitly rejecting much of the theoretical baggage that dogs contemporary film analysis, Barker and Austin strip the subject down to its bare essentials. The result is a provocative and timely re-examination of many of the basic tenets in film theory and analysis.

Interdisciplinary Literary Studies, 2003.

L.A. Confidential Manohla Dargis, 2019-07-25. *L.A. Confidential* was released in 1997 to huge critical acclaim and it went on to be nominated for nine Academy Awards. Its reputation has since grown to the point that the film is now widely seen as a key Hollywood movie of the 1990s. But it fared poorly at the box office, having neither big-name stars nor the sop of a comforting moral universe. With characters so bad they were irresistible, the film harked back to an older, darker Hollywood at a time when audiences would soon be flocking to *Titanic*. Directed by Curtis Hanson from the best-selling novel by James Ellroy, *L.A. Confidential* stars Kim Basinger alongside Kevin Spacey, Danny DeVito, and to the surprise of many industry watchers, two then relative unknowns: New Zealander Russell Crowe and Australian Guy Pearce. The film is a consummate thriller which takes in, without once losing sight of the human cost, police corruption, organized crime, the sleaze, press, high-class prostitution, murder, and the ways movies and life twist together. Manohla Dargis explores the careers of Hanson and Ellroy based on interviews with both men, to dig deep into the film's obsession with the twinned, equally troubled histories of the Hollywood studio system and the city of Los Angeles. She untangles the paradox of *L.A. Confidential*, a film that paints a jet

black melancholy picture of a city and an industry even as it also testifies to and exemplifies beautifully their seductive glamour

The American Blockbuster Benjamin Crace, 2022-10-18 Providing an indispensable resource for students and general readers this book serves as an entry point for a conversation on America's favorite pastime focusing in on generational differences and the evolution of American identity In an age marked by tension and division Americans of all ages and backgrounds have turned to film to escape the pressures of everyday life Yet beyond escapism popular cinema is both a mirror and microscope for our collective psyche Examining the films that have made billions of dollars through a new lens reveals that popular culture is a vital source for understanding what it means to be an American This book is divided into four sections each associated with a different generation Featuring such era defining hits as *Jaws* *Back to the Future* *Avatar* and *The Avengers* each section presents detailed film analyses that showcase the consistency of certain American values throughout generations as well as the constant renegotiation of others Ideal for any cinephile *The American Blockbuster* demonstrates how complex and meaningful even the summer blockbuster can be

Life Or Movie Mickael L.

Rozwarski, 2002 *Life or movie* Which comes first is a glimpse into an aspiring screenwriter's mind as he tries to figure out the inner workings of high concept movies The author starts out with the premise that there are very easy rules that govern storytelling rules which are universal and tolerate no exceptions That is how he was led to discard traditional perspectives of movie analysis one after the other Field Campbell Jung Freud which all proved to be unfaithful to observable facts The author proposes then a change of paradigm and a different look at storytelling fiction is like magic you cannot explain it or it will break the spell ruin the magic But when you think about it there are no two rational ways of making a rabbit appear from a hat

A Companion to American Art John Davis, Jennifer A. Greenhill, Jason D. LaFountain, 2015-05-05 *A Companion to American Art* presents 35 newly commissioned essays by leading scholars that explore the methodology historiography and current state of the field of American art history Features contributions from a balance of established and emerging scholars art and architectural historians and other specialists Includes several paired essays to emphasize dialogue and debate between scholars on important contemporary issues in American art history Examines topics such as the methodological stakes in the writing of American art history changing ideas about what constitutes Americanness and the relationship of art to public culture Offers a fascinating portrait of the evolution and current state of the field of American art history and suggests future directions of scholarship

Seven Richard Dyer, 2024-06-13 David Fincher's *Seven* 1995 follows two detectives David Mills Brad Pitt and William Somerset Morgan Freeman as they investigate a series of gruesome murders One of the most acclaimed films of the 1990s it explores themes of moral decay human darkness and the blurred lines between good and evil Richard Dyer's study of the film unpacks how its cinematography sound and plot combine to create a harrowing account of a world beset by an all encompassing irremediable wickedness He explores the film in terms of sin story structure seriality sound sight and salvation analyzing how *Seven* both epitomizes and modifies the serial killer genre

which is such a feature of recent cinema This new edition includes a new afterword by the author re assessing the film s
lasting impact and influence over contemporary filmmaking aesthetics **American Book Publishing Record** ,1999
