MANUAL MF 35 ,1959-01-15 Juggernaut Drivers Leslie Purdon,2006-11-01 Leslie Purdon lives and breathes trucking Truck and Driver It s the 1970s Trucker Dennis Richardson Rich revels in the laughs and camaraderie of his life on the road He sets up a transport company North Kent with two pals Benny is the one with the short fuse Rich tries to calm him down when he s not winding him up The irrepressible Chuckles has his own way of dealing with tachographs and then there s the indispensable Jean the rock on which they rest The determined team go through humorous and sometimes extreme exploits as they strive to stay afloat They run legal when they can and cut corners when necessary gambling on the new Scandinavian trucks that are changing the industry They are cheated out of their earnings but still come up smiling **Forty Years with**

Ford Tractors David Pearson,2019-10-01 David Pearson spent more than four decades working for Ford's tractor business starting on the production line at the maker's Dagenham factory before moving to the Basildon tractor plant opened in 1964. He went on to become the maker's UK sales manager and earned a reputation among farmers and dealers as the man who knew all there was to know about Ford tractors. Along the way he was involved in the development of some of the most famous machines to bear the blue livery from the Dexta to the 7000 and the FW articulated tractors to the 7810. Edited by agricultural journalist Martin Rickatson, *Forty Years with Ford Tractors* builds on a series of recollections which originally featured in *Classic Tractor* magazine and includes additional material to tell David's fascinating story in full. It includes a comprehensive selection of black and white and colour photographs many of which have never before been published and will be of interest to all Ford fans and tractor fans more generally. The Vodka-Cola Cowboy: Trucking Russia 1990 - 1995 Mick Twemlow,2020-05-01 The Vodka Cola Cowboy describes life trucking in what is possibly the harshest environment in the world, Russia. Between 1990 and 1995 British owner driver Mick Twemlow worked to transport goods to and from and within Russia and the wider Soviet Union. Living in Moscow with his future wife Elena and their daughter Margarita who was born there in 1992, Mick learned the language and fully immersed himself in Russian society, giving him an insider's view of this time of massive upheaval in the Soviet Union. The book vividly illustrates the conditions that British truck drivers encountered, such as the atrocious winter weather in a wild and unforgiving landscape, police harassment and the dangers that came with the dissolution of the USSR. Mick was the only British truck driver in Moscow throughout the whole of the anti Gorbachev coup of 1991 and so the book offers a unique perspective of that historical event. The incidents described in the book range from the humorous to the serious to the potentially life threatening. This book will primarily be of interest to truck drivers and those with an interest in road transport and the haulage industry in general. Russia is still an unknown quantity all around the globe with regards to people's understanding of it and its people and so *The Vodka Cola Cowboy* will also be of interest to anyone who has a fascination with the country, particularly during this tumultuous time in the region's socio-political history. Rennison,2016-03-16 Did the Good Old Days ever really exist? Mick Rennison is not so sure. After miraculously passing his test in an Atkinson Borderer way back in 1974, Mick drove in the days when crooks and con men seemed to run the haulage industry. And Mick worked for most of them, earning crap wages from arrogant bosses with the constant threat of your P45 hanging over your head. He learned his trade through trial and error, many trials and lots of errors. His career took him all over Europe and Scandinavia, taking musical shows to Norway, JCBs to Greece and supermarket deliveries down to Gibraltar. Driving for a variety of firms, he double-manned trucks with his wife Jo for nearly 10 years. Along the way he has been blown

over in high winds outwitted hijackers and held hostage by striking Spanish drivers Now living on a narrow boat on the Grand Union Canal Mick is approaching retirement and reflects on his varied career With humour and not a little sarcasm he concludes that as good as those days were he certainly wouldn't want to go back

Lorries of Arabia 3: ERF NGC Robert Hackford, 2019-08-13 A must for all ERF fans this is the third and final installment in The Lorries of Arabia series While the first book paid tribute to ERF's world class long haulers in the Middle East and those who drove them and the second book went on to explore the fortunes of this legendary machine this final volume is a continued narration of an unfolding history in the 1970s and 1980s of a premium tractive unit model With new findings new details new insights and new pictures readers of the first two books will surely enjoy the final volume of this acclaimed series Containing a full register of all the 91 NGCs known to have ever been built this is the enthusiast's guide to the rugged reliable left hand drive tractive unit forever associated with long haul European and Middle Eastern routes of the 70s and 80s

King of the Norfolk Poachers, The: His Life and Times Charlotte Paton, 2009-10-01 In the early 1930s an elderly mole catcher became the subject of one of East Anglia's best loved tales of country life I Walked by Night Over sixty years later Norfolk writer Charlotte Paton became fascinated by this man and set out to find the truth about him beginning with his name Frederick Rolfe Charlotte conducted exhaustive research provide a vibrant account with plenty of social history This book is the biography of a difficult man who could inspire devotion but came to a tragic end

The Long Haul Pioneers Ashley Coghill, 2020-02-01 It all started in 1964 when two friends gave up promising medical careers to embark upon a journey which few hardened truckers would have considered In so doing they were solely responsible for creating the first long haul overland route across Europe and deep into the Middle East to Kabul The men had started the Middle East Run was to become a phenomenon in the road haulage industry an image which it still holds today This book is about the company founded by one of those men from its fledgling days as Asian Transport to the thriving Astran Cargo Services Ltd that it is today In this book Ashley Coghill documents the complete history of the company to date with the focus predominantly on the early days when the men were fighting for something and revelling in the adventure These early long haul drivers would think nothing of a 10 000 mile round trip to Iran or the Arabian Gulf and being stranded at 6 000 feet on a mountain pass with temperatures below 40 was just all in a day's work Ashley Coghill has an immense enthusiasm for his subject and has given his research total dedication He has also tracked down past and present employees to gather first hand information which he has illustrated with over 300 carefully selected images The end result is a detailed comprehensive and fascinating account of an extraordinary company
