ABSTRACT

This paper introduces a mobile phone short message control method in smart home based on GSM (Global System for Mobile communications). AT commands and the system structure is illustrated in detail. The hardware system including STC89C51 and TC35i is presented. The software framework is also analyzed clearly in this paper. In addition, some other potential application areas and its direction of development in future are given at last.

Keywords: GSM; Smart Home; STC89C51; Wireless Communication

1. Introduction

As the prevailing trend of IOT (Internet of Things) [1] covering the global, smart home find its way in the trend. All control and communication method dashed into this area: GSM, WIFI, CAN, Bluetooth, ZigBee. They all try to solve those problems in this smart world [2]. Among these solutions, GSM has a prominent position as mobile phone has been a comprehensive communicating fashion in modern society.

GSM is a kind of digital mobile communication network. It is developing rapidly in recent years. And the short message service is an important business network based on GSM. Its simple and efficient performance as well as relatively low fee absorbs the customers. [3] Moreover, the technical possibility for many types of remote monitoring make it bound to be the most convenient and welcomed way in smart home control as people can monitor their home anytime anywhere. In this paper, I'll present you a wonderful smart home solution based on GSM and explain the implementation of software and hardware.

2. System Framework

The GSM control system contains the communication part, the control center and the object to be controlled. Figure 1 is the system block diagram.

In this system, GSM module plays the communication role. STC89C516RD+ bears the task of a control center. The relay module connected to home appliances is the object to be controlled. There are several channels of relays on the module. Each connects to a different home appliance.

The GSM module with a smart card is responsible for receiving text messages from the GSM network and

transmitting the short message from the local MCU (STC89C516RD+) to the GSM network. It also receives message command from user's mobile and sends the corresponding command to the control center STC89C516RD+. The controller analysis the command and conducts the relay to open or close the anticipated channel, such to open or close the related appliance. After this, the control center indicates the GSM module to send feedback message to the user terminal.

3. AT Commands

MCU communicate with GSM module through AT (Attention Commands) [4]. AT command set is the interface standard between TE (terminal equipment) and TA (terminal adaptor), as well as between DTE (data terminal equipment) and DCE (data circuit terminal equipment). In the early 1990s, AT command set is only used in the operation of modem. With a series of evolution, AT commands are added GSM07.05 standards. Up to now, Most of the GSM modules support this standard.

3.1. The Syntax of Basic AT Commands

Each AT command must begin with "AT" or "at", and end with <CR>. Four kinds of syntax are showed in Table 1.

Figure 1. The block diagram of the mobile control system.

Smart Home System Design Paper 2009

Smart Home System Design Paper 2009:

Ambient Assistive Health and Wellness Management in the Heart of the City Mokhtari Mounir, Ismail Khalil, Jérémy Bauchet, Daqing Zhang, Chris D. Nugent, 2009-06-22 This book constitutes the refereed proceedings of the 7th International Conference On Smart Homes and Health Telematics ICOST 2009 held in Tours France in July 2009 The 27 revised full papers and 20 short papers presented were carefully reviewed and selected from numerous submissions The papers are organized in topical sections on cognitive assistance and chronic diseases management ambient living systems service continuity and context awareness user modeling and human machine interaction ambient intelligence modeling and privacy issues human behavior and activities monitoring **Computing, Control, Information and Education Engineering** Hsiang-Chuan Liu, Wen-Pei Sung, Wenli Yao, 2015-08-18 This proceedings set contains selected Computer Information and Education Technology related papers from the 2015 International Conference on Computer Intelligent Computing and Education Technology CICET 2015 to be held April 11 12 2015 in Guilin P R China The proceedings aims to provide a platform for researchers engineers and academics **Information and Management Engineering** Min Zhu, 2011-09-06 This six volume set CCIS 231 232 233 234 235 236 constitutes the refereed proceedings of the International Conference on Computing Information and Control ICCIC 2011 held in Wuhan China in September 2011 The papers are organized in two volumes on Innovative Computing and Information CCIS 231 and 232 two volumes on Computing and Intelligent Systems CCIS 233 and 234 and in two volumes on Information and Management Engineering CCIS 235 and 236 Smart Homes and Their Users Tom Hargreaves, Charlie Wilson, 2017-09-25 Smart home technologies promise to transform domestic comfort convenience security and leisure while also reducing energy use But delivering on these potentially conflicting promises depends on how they are adopted and used in homes This book starts by developing a new analytical framework for understanding smart homes and their users Drawing on a range of new empirical research combining both qualitative and quantitative data the book then explores how smart home technologies are perceived by potential users how they can be used to link domestic energy use to common daily activities how they may or may not be integrated into everyday life by actual users and how they serve to change the nature of control within households and the home The book concludes by synthesising a range of evidence based insights and posing a series of challenges for industry policy and research that need addressing if a smart home future is to be realised Researchers will find this book provides useful insights into this fast growing field HCI International 2020 - Late Breaking Papers: Universal Access and Inclusive Design Constantine Stephanidis, Margherita Antona, Qin Gao, Jia Zhou, 2020-09-24 This book constitutes late breaking papers from the 22nd International Conference on Human Computer Interaction HCII 2020 which was held in July 2020 The conference was planned to take place in Copenhagen Denmark but had to change to a virtual conference mode due to the COVID 19 pandemic From a total of 6326 submissions a total of 1439 papers and 238 posters have been accepted for

publication in the HCII 2020 proceedings before the conference took place In addition a total of 333 papers and 144 posters are included in the volumes of the proceedings published after the conference as Late Breaking Work papers and posters These contributions address the latest research and development efforts in the field and highlight the human aspects of design and use of computing systems The 59 late breaking papers presented in this volume address the latest research and development efforts in the field and highlight the human aspects of design and use of computing systems

Pervasive Health Andreas Holzinger,Martina Ziefle,Carsten Röcker,2014-04-15 Providing a comprehensive introduction into an overview of the field of pervasive healthcare applications this volume incorporates a variety of timely topics ranging from medical sensors and hardware infrastructures to software platforms and applications and addresses issues of user experience and technology acceptance The recent developments in the area of information and communication technologies have laid the groundwork for new patient centred healthcare solutions While the majority of computer supported healthcare tools designed in the last decades focused mainly on supporting care givers and medical personnel this trend changed with the introduction of pervasive healthcare technologies which provide supportive and adaptive services for a broad variety and diverse set of end users With contributions from key researchers the book integrates the various aspects of pervasive healthcare systems including application design hardware development system implementation hardware and software infrastructures as well as end user aspects providing an excellent overview of this important and evolving field

Smart Grids and Internet of Things Sanjeevikumar Padmanaban,Jens Bo Holm-Nielsen,Rajesh Kumar Dhanaraj,Malathy Sathyamoorthy,Balamurugan Balusamy,2023-05-02 SMART GRIDS AND INTERNET OF THINGS Smart grids and the Internet of Things IoT are rapidly changing and complicated subjects that are constantly changing and developing This new volume addresses the current state of the art concepts and technologies associated with the technologies and covers new ideas and emerging novel technologies and processes Internet of Things IoT is a self organized network that consists of sensors software and devices The data is exchanged among them with the help of the internet Smart Grids SG is a collection of devices deployed in larger areas to perform continuous monitoring and analysis in that region It is responsible for balancing the flow of energy between the servers and consumers SG also takes care of the transmission and distribution power to the components involved The tracking of the devices present in SG is achieved by the IoT framework Thus assimilating IoT and SG will lead to developing solutions for many real time problems This exciting new volume covers all of these technologies including the basic concepts and the problems and solutions involved with the practical applications in the real world Whether for the veteran engineer or scientist the student or a manager or other technician working in the field this volume is a must have for any library Smart Grids and Internet of Things Presents Internet of Things IoT and smart grid SG integrated frameworks along with their components and technologies Covers the challenges in energy harvesting and sustainable solutions for IoTSGs and their solutions for practical applications Describes and demystifies the privacy and

security issues while processing data in IoTSG Includes case studies relating to IoTSG with cloud and fog computing machine learning and blockchain

Next Generation of Internet of Things Raghvendra Kumar, Brojo Kishore Mishra, Prasant Kumar Pattnaik, 2021-06-14 This book includes selected papers from the International Conference on Next Generation of Internet of Things ICNGIoT 2021 organized by the Department of Computer Science and Engineering School of Engineering GIET University Gunupur Odisha India during 5-6 February 2021. The book covers topics such as IoT network design and architecture, IoT network virtualization, IoT sensors, privacy and security for IoT SMART environment, social networks, data science and data analytics, cognitive intelligence and augmented intelligence, and case studies and applications.

Industrial Internet of Things and Cyber-Physical Systems: Transforming the Conventional to Digital Kumar, Pardeep, Ponnusamy, Vasaki, Jain, Vishal, 2020-05-22 With the help of artificial intelligence, machine learning, and big data analytics, the internet of things (IoT) is creating partnerships within industry where machines, processes, and humans communicate with one another. As this radically changes traditional industrial operations, this results in the rapid design, cheap manufacture, and effective customization of products. Answering the growing demand of customers and their preferences has become a challenge for such partnerships. *Industrial Internet of Things and Cyber Physical Systems: Transforming the Conventional to Digital* is a collection of innovative research that discusses development, implementation, and business impacts of IoT technologies on sustainable societal development and improved life quality. Highlighting a wide range of topics such as green technologies, wireless networks, and IoT policy, this book is ideally designed for technology developers, entrepreneurs, industrialists, programmers, engineers, technicians, researchers, academicians, and students.

Vehicular Communications for Smart Cars Niaz Chowdhury, Lewis Mackenzie, 2021-12-30 This book covers a wide range of topics from the smart transportation domain. It discusses protocols, applications, and security concerns in various vehicular networks using examples and easy-to-understand figures. The first four chapters focus on vehicular network protocols and applications, while the remaining four chapters incorporate security, trust, and privacy issues with examples from real-life cases. The book concludes with a vision of what to expect in the near future and will be an invaluable resource for anybody interested in this nascent technology and its varied applications. Dr. Niaz Chowdhury is a postdoctoral research associate at the Knowledge Media Institute, the Open University in England. Dr. Lewis M. Mackenzie is a senior lecturer in computing science at the University of Glasgow.

Smart Buildings Digitalization O.V. Gnana Swathika, K. Karthikeyan, Sanjeevikumar Padmanaban, 2022-02-23 This book explains the concept of data centers, including data collection, public parking systems, smart metering, and sanitizer dispensers. Electric urban transport systems and effective electric distribution in smart cities are discussed as well. The extensive role of power electronics in smart building applications, such as electric vehicles, rooftop terracing, and renewable energy integration, is included. Case studies on automation in smart homes and commercial and official buildings are elaborated. This book describes the complete implication of smart buildings via industrial, commercial, and community.

platforms FEATURES Systematically defines energy efficient buildings employing power consumption optimization techniques with the inclusion of renewable energy sources Covers data centers and cybersecurity with excellent data storage features for smart buildings Includes systematic and detailed strategies for building air conditioning and lighting Details smart building security propulsion This book is aimed at graduate students researchers and professionals in building systems engineering architectural engineering and electrical engineering *Engineering Trustworthy Software Systems* Jonathan P. Bowen,Zhiming Liu,Zili Zhang,2020-07-31 This book constitutes the refereed proceedings of the 5th International School on Engineering Trustworthy Software Systems SETSS 2019 held in Chongqing China in April 2019 The five chapters in this volume provide lectures on leading edge research in methods and tools for use in computer system engineering The topics covered in these chapter include Seamless Model based System Development Foundations From Bounded Reachability Analysis of Linear Hybrid Automata to Verification of Industrial CPS and IoT Weakest Preexpectation Semantics for Bayesian Inference Conditioning Continuous Distributions and Divergence K A Semantic Framework for Programming Languages and Formal Analysis Tools and Software Abstractions and Human Cyber Physical Systems Architecture Modelling

Human-Computer Interaction: Towards Mobile and Intelligent Interaction Environments Julie A.

Jacko,2011-06-24 This four volume set LNCS 6761 6764 constitutes the refereed proceedings of the 14th International Conference on Human Computer Interaction HCII 2011 held in Orlando FL USA in July 2011 jointly with 8 other thematically similar conferences The revised papers presented were carefully reviewed and selected from numerous submissions The papers accepted for presentation thoroughly cover the entire field of Human Computer Interaction addressing major advances in knowledge and effective use of computers in a variety of application areas The papers of this volume are organized in topical sections on mobile interaction interaction in intelligent environments orientation and navigation in vehicle interaction social and environmental issues in HCI and emotions in HCI **Reuse in the Big Data Era** Xin

Peng,Apostolos Ampatzoglou,Tanmay Bhowmik,2019-06-18 This book constitutes the proceedings of the 18th International Conference on Software and Systems Reuse ICSR 2019 held in Cincinnati Ohio USA in June 2019 The 13 research papers included in this book were carefully reviewed and selected from 32 submissions In addition 3 industry innovation papers are included The papers were organized in topical sections named software reuse practice software product line and requirements reuse reuse and design and evolution intelligent software reuse and domain specific software development

Smart Buildings Digitalization, Two Volume Set O.V. Gnana Swathika,K. Karthikeyan,Sanjeevikumar

Padmanaban,2022-05-27 A smart building is the state of art in building with features that facilitates informed decision making based on the available data through smart metering and IoT sensors This set provides useful information for developing smart buildings including significant improvement of energy efficiency implementation of operational improvements and targeting sustainable environment to create an effective customer experience It includes case studies

from industrial results which provide cost effective solutions and integrates the digital SCADE solution Describes complete implication of smart buildings via industrial commercial and community platforms Systematically defines energy efficient buildings employing power consumption optimization techniques with inclusion of renewable energy sources Covers data centre and cyber security with excellent data storage features for smart buildings Includes systematic and detailed strategies for building air conditioning and lighting Details smart building security propulsion This set is aimed at graduate students researchers and professionals in building systems architectural and electrical engineering *Cognitive Cities* Jian Shen,Yao-Chung Chang,Yu-Sheng Su,Hiroaki Ogata,2020-06-19 This book constitutes refereed proceeding of the Second International Cognitive Cities Conference IC3 2019 held in Kyoto Japan in September 2019 The 37 full papers and 46 short papers were thoroughly reviewed and selected from 206 submissions The papers are organized according to the topical sections on cognitive city for special needs cognitive city theory modeling and simulation XR and educational innovations for cognitive city educational technology and strategy in cognitive city safety security and privacy in cognitive city artificial intelligence theory and technology related to cognitive city Internet of Things for cognitive city business application and management for cognitive city big data for cognitive city engineering technology and applied science for cognitive city maker CT and STEAM education for cognitive city **Soft Computing Applications** Valentina Emilia Balas,Lakhmi C. Jain,Marius Mircea Balas,Dumitru Baleanu,2023-10-26 Soft computing techniques open significant opportunities in several areas such as industry medicine energy security transportation and education This book provides theory and applications development using soft computing techniques by organizing intelligent systems for many applications to the benefit of humanity The book comes from a multidisciplinary subject whose audience can come from different academic departments e g department of computer science and engineering department of medical imaging department of biomedical informatics department of education sciences and so on where artificial intelligence and soft computing are of routine courses The book covers a range of audience from academicians practitioners researchers and students to stakeholders It can support graduate students and interns to develop a deep understanding of the latest paradigms in the soft computing techniques Lecture Notes in Data Engineering, Computational Intelligence, and Decision-Making, Volume 2 Sergii Babichev,Volodymyr Lytvynenko,2025-05-27 This book addresses contemporary challenges in artificial and computational intelligence particularly focusing on decision making systems It explores current trends in computer science including the collection analysis and processing of information The advancement of modern information and computer technologies for data analysis and processing in data mining and machine learning is highlighted showcasing their role in enhancing the efficiency of information processing by reducing time and increasing accuracy The book comprises 16 scientific papers presenting cutting edge research in data mining machine learning and decision making It is categorized into three sections 1 Data engineering computational intelligence and inductive modeling 16 papers This book is designed for scientists and developers specializing in data mining

machine learning and decision making systems **Human Aspects of IT for the Aged Population. Design for Aging** Jia Zhou, Gavriel Salvendy, 2016-07-04 The two LNCS volume set 9754 9755 constitutes the refereed proceedings of the Second International Conference on Human Aspects of IT for the Aged Population ITAP 2016 held as part of the 18th International Conference on Human Computer Interaction HCII 2016 held in Toronto ON Canada in July 2016 jointly with 14 other thematically conferences The total of 1287 papers and 186 poster papers presented at the HCII 2016 conferences were carefully reviewed and selected from 4354 submissions LNCS 9754 Design for Aging Part I addresses the following major topics designing for and with the elderly technology use and acceptance by older users psychological and cognitive aspects of interaction and aging mobile and wearable technologies for the elderly LNCS 9755 Healthy and Active Aging Part II addresses these major topics smart and assistive environments aging and social media aging learning training and games and aging mobility and driving *Developments in Design Research and Practice II* Emilia Duarte, Annalisa Di Roma, 2023-05-08 This book reports on innovative research and practices in contemporary design showing how to integrate different concepts and discussing the emerging role of design in different field its meaning for humans and citizens as well as its impact on society and the global ecosystem Gathering the best papers from Senses Sensibility held on December 9 11 2021 in Bari Italy it highlights the role of design in fostering education physical and social wellbeing industrial innovation and cultural preservation as well as inclusivity sustainability and communication in a world facing complex challenges on a global scale

Immerse yourself in heartwarming tales of love and emotion with Crafted by is touching creation, **Smart Home System Design Paper 2009** . This emotionally charged ebook, available for download in a PDF format (PDF Size: *), is a celebration of love in all its forms. Download now and let the warmth of these stories envelop your heart.

Smart Home System Design Paper 2009 Introduction

In today's digital age, the availability of Smart Home System Design Paper 2009 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Smart Home System Design Paper 2009 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Smart Home System Design Paper 2009 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Smart Home System Design Paper 2009 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Smart Home System Design Paper 2009 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Smart Home System Design Paper 2009 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Smart Home System Design Paper 2009 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Smart Home System

Design Paper 2009 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Smart Home System Design Paper 2009 books and manuals for download and embark on your journey of knowledge?

FAQs About Smart Home System Design Paper 2009 Books

1. Where can I buy Smart Home System Design Paper 2009 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Smart Home System Design Paper 2009 book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Smart Home System Design Paper 2009 books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Smart Home System Design Paper 2009 audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google

Play Books offer a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Smart Home System Design Paper 2009 books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
