You're just as deluded as the rest of us but that's okay because being deluded is part of being human. Growing out of David McRaney's popular blog *You Are Not So Smart* reveals that every decision we make, every thought we contemplate, and every emotion we feel comes with a story we tell ourselves to explain them. But often these stories aren't true. Each short chapter covering topics such as Learned Helplessness, Selling Out, and the Illusion of Transparency is like a psychology course with all the boring parts taken out. Bringing together popular science and psychology with humor and wit, *You Are Not So Smart* is a celebration of our irrational, thoroughly human behavior.
