Broadcasting and Electronic Media A Modern Guide delves into the essential study of mass communications, radio, television, popular culture, journalism, and emerging electronic media platforms in the 21st century. We explore the growth and development of electronic and broadcasting media from its earliest days to the present. This book is designed for both beginners and veterans looking to expand their knowledge. It provides a comprehensive introduction to media studies, highlighting how media influences our surroundings and the processes behind broadcasting and media production. We emphasize the role of new technologies in publishing accurate news quickly and efficiently. Readers will learn fundamental concepts and benefit from real-life case studies that enhance understanding. Written in accessible language, this book is perfect for those aspiring to become professionals in the field. Through practice and continuous learning, we aim to equip readers with the skills needed to excel in broadcasting and electronic media.

The American System of Criminal Justice George F. Cole, Christopher E. Smith, 2004 This classic best-seller commonly referred to as The Eagle encourages students to become better citizens to determine what Justice means in our society and what role individuals play. This text examines criminal justice as an interdisciplinary endeavor, sharing elements from criminology, sociology, law, history, psychology, and political science. It challenges students to balance the mechanics and system of criminal justice with the human side of the story. Cole and Smith present an exciting and relevant introduction to the field of criminal justice. The text combines solid research and intellectual rigor in an approachable manner with detailed attention to current and compelling events to help students appreciate the many aspects of the discipline and how they can participate in the system as citizens of the United States.
