Sport Andrew McFarland,2022-12-01 This book examines how and why sport in general and football in particular entered the country and developed successfully between 1890 and the 1920s while placing that growth within the context of Spain s larger historical experience The introduction of sport in the late 19th century permanently changed the day to day lives of thousands of Spaniards Initially the country s growing urban middle classes embraced the new activity as they built community identities and were introduced to it through economic and educational connections to foreigners To justify this these proponents argued that the adoption of physical education and sport would physically regenerate the nation In response well rounded sporting communities grew developed medical arguments and even debated the activity s appropriateness for different groups like women As sport spread it produced the first football clubs around the turn of the century Subsequently in the 1910s and early 1920s football established the structural institutions like stadiums stars regulatory bodies and a press that enabled its rapid expansion as a mass consumer activity in the late 1920s **Regeneration through Sport** looks at how this process embedded the sport within the national culture and established itself as a politically neutral activity before the Spanish Second Republic allowing it to become almost ubiquitous today This book will appeal to researchers students and scholars alike who are interested in the history of sport Spain and European history **Music**

Performance Encounters John Koslovsky,Michiel Schuijjer,2023-11-29 Why do most musical performers and musical researchers continue to inhabit divergent epistemic spaces To what extent is the act of musical performance coextensive with the act of doing musical research and vice versa At what point in the research process can a performative act transform into a scholarly one and a scholarly act into a performative one These and other related questions form the central focus of this book with each chapter offering a fresh perspective on a particular topic in music performance studies improvisational traditions historical performance practices analysis and performance sports psychology cross cultural musical interactions and institutional challenges This book is aimed at music researchers teachers students and practising musicians interested in the intersection of academic and performance research as such it seeks to bridge the divide between the research of university trained musicologists scholars from other fields who focus on music and the growing community of musical artist researchers Material in this book is supported by performance outcomes offered by the contributors on a separate YouTube channel and on the Routledge online portal *Manual de piratas (Pirate Handbook)* Mónica Carretero,2014-01-01 Winner at
