Ionic Liquids Douglas Inman, David G. Lovering, 2013-11-22 As Chairmen of the Electrochemistry and Molten Salts Discussion Groups of the Chemical Society it gave us great pleasure to welcome the conference Highly Concentrated Aqueous Solutions and Molten Salts which our Groups cosponsored at St John's College Oxford in July 1978 During the meeting the editors of the present volume and those giving lectures came to the conclusion that the verbal presentations deserved to be expanded and to be more widely disseminated in a permanent form Thus the articles which appear in this volume were commissioned and prepared A greater exchange of information between

aqueous chemists and those concerned with molten salts is to be welcomed and to this end the present volume aims to focus attention on the borderline areas between the two in an attempt to facilitate a wider awareness of the concepts and methods appropriate to the respective specialities Similarly and particularly in the electrochemical field a greater exchange of information between the academic and industrial practitioners of the subject is desirable The problems involved are not trivial but when the interactions in these largely but not wholly ionic liquids are better understood this will surely be to the benefit of all concerned with solution chemistry Douglas Inman Imperial College Chairman Electrochemistry Group David Kerridge University of Southampton Chairman Molten Salts Discussion Group v Preface A number of recent events led to the appearance of this text at this particular time The Electricity Competition and Reliability Act United States. understanding Khalil Semaan *The Annalist* ,1925 *The Gospel of Tatian* Matthew R. Crawford,Nicholas J. Zola,2019-07-11 This volume combines some of the leading voices on the composition and collection of early Christian gospels in order to analyze Tatian's Diatessaron The rapid rise and sudden suppression of the Diatessaron has raised numerous questions about the nature and intent of this second century composition It has been claimed as both a vindication of the fourfold gospel's early canonical status and as an argument for the canon's ongoing fluidity it has been touted as both a premiere witness to the earliest recoverable gospel text and as an early corrupting influence on that text Collectively these essays provide the greatest advance in Diatessaronic scholarship in a quarter of a century The contributors explore numerous questions did Tatian intend to supplement or supplant the fourfold gospel How many were his sources and how free was he with their text How do we identify a Diatessaronic witness Is it legitimate to use Tatian's Diatessaron as a source in New Testament textual criticism Is a reconstruction of the Diatessaron still possible These queries in turn contribute to the question of what the Diatessaron signifies with respect to the broader context of gospel writing and what this can tell us about how the writing rewriting and reception of gospel material functioned in the first and second centuries and beyond
