The Parable of the Tribes Andrew Bard Schmookler, 1994-12-23 Imagine a group of tribes living within reach of one another If all choose the way of peace then all may live in peace But what if all but one choose peace From this basic premise Andrew Bard Schmookler has built a towering work of intellectual and spiritual insight a book that will shatter many preconceived notions about how civilization has developed and why human history has been so filled with torment In this new edition Schmookler shows how with the end of the Cold War we now have an unprecedented opportunity to solve the problem of power that has plagued civilization The Parable of the Tribes is a new vision of the story of humankind It presents a radiant new synthesis of history evolutionary biology political theory and psychology **Journal of the American Institute of Electrical Engineers** American Institute of Electrical Engineers, 1924 Includes preprints of Transactions of the American Institute of Electrical Engineers ISSN 0096 3860 Public Works for Water, Pollution Control, and Power Development, and Atomic Energy Commission Appropriations for Fiscal Year 1970 United States. Keener, 2012-04-13 The earliest substantive sources available for historical Jesus research are in the Gospels themselves when interpreted in their early Jewish setting their picture of Jesus is more coherent and plausible than are the competing theories offered by many modern scholars So argues Craig Keener in *The Historical Jesus of the Gospels* In exploring the depth and riches of the material found in the Synoptic Gospels Keener shows how many works on the historical Jesus emphasize just one aspect of the Jesus tradition against others but a much wider range of material in the Jesus tradition makes sense in an ancient Jewish setting Keener masterfully uses a broad range of evidence from the early

Federal Energy Regulatory Commission, 2003-04 Entertaining the Idea Lowell Gallagher, James Kearney, Julia Reinhard Lupton, 2020-12-07 To entertain an idea is to take it in pay attention to it give it breathing room dwell with it for a time The practice of entertaining ideas suggests rumination and meditation inviting us to think of philosophy as a form of hospitality and a kind of mental theatre In this collection organized around key words shared by philosophy and performance the editors suggest that Shakespeare's plays supply readers listeners viewers and performers with equipment for living In plays ranging from *A Midsummer Night's Dream* to *King Lear* and *The Winter's Tale* Shakespeare invites readers and audiences to be more responsive to the texture and meaning of daily encounters whether in the intimacies of love the demands of social and political life or moments of ethical decision *Entertaining the Idea* features established and emerging scholars addressing key words such as role play acknowledgment judgment and entertainment as well as curse and care The volume also includes longer essays on Shakespeare Kant Husserl and Hegel as well as an afterword by theatre critic Charles McNulty on the philosophy and performance history of *King Lear* *Energy Research Abstracts*, 1984 **Imagine Paul** G. Roger Greene, 2024-10-17 Can the real Paul the apostle live again in a postmodern technological age Paul's ministry stood at the very headwaters of the Christian gospel surrounding Jesus of Nazareth His letters are the earliest documents contained in the New Testament The current work calls upon the reader to actively engage Paul in his context rather than to affirm the assumed theological Paul of later Christian orthodoxy The reader is thus invited to walk with a more real Paul as he may be imagined from the sources we have to think Paul's thoughts with him through his letters and to more fully experience the gospel of God that Paul knew and proclaimed Paul was a man in Christ directly called by God to announce the gospel of God to both Jew and gentile in the midst of a world ruled by Rome He did so through two major campaigns rather than three missionary journeys He wrote pastoral letters to real first century churches The real Paul did not write theology but he rather proclaimed a gospel to a world in search of a soul Handbook of Fuel Cells Wolf Vielstich, Hubert A. Gasteiger, Harumi Yokokawa, 2009-04-20 A timely addition to the highly acclaimed four volume handbook set volumes 5 and 6 highlight recent developments particularly in the fields of new materials molecular modeling and durability Since the publication of the first four volumes of the *Handbook of Fuel Cells* in 2003 the focus of fuel cell research and development has shifted from optimizing fuel cell performance with well known materials to developing new materials concepts and to understanding the origins of materials and fuel cell degradation This new two volume set provides an authoritative and timely guide to these recent developments in fuel cell research
