Jennifer Curry, Jennifer R. Curry, Amy Milsom, 2017-02-24 Praise for the First Edition Serves as an excellent foundational text. I am very thankful that the authors wrote this text. It is written for school counselors by school counselor educators Gene Eakin PhD School Counseling Program Lead Oregon State University. The school counseling focus makes it unique. This is a great improvement to other texts I've used and I plan to continue using it. Dr. Carolyn Berger, Chair, Department of Counseling, Nova Southeastern University. Fully updated to serve the needs of school counselors in training, this remains the only text to present a comprehensive developmental and practical approach to preparing school counselors to conceptualize the career development and college readiness needs of P-12 students. The second edition reflects the ASCA's new Mindsets reflections and advice from actual school counselors, updated statistics, references, and appendices, and an updated Instructor's Manual, test bank, and PowerPoint slides. New to the Second Edition: Features a Building a College-Going Culture section that expands coverage on college readiness counseling; Reflects updated legislation and policy information, including ASCA's new Mindsets written by former school counselors; Disseminates current data and research focusing on college readiness needs of diverse populations; Includes interventions grounded in theory and connected to national standards.
