Subject Guide to Books in Print, 2001 *The Ballad of Abdul Wade* Ryan Butta, 2022-07-26 When Afghan entrepreneur

Abdul Wade first brought his camel trains to the outback he was hailed as a hero. Horses couldn't access many remote settlements especially those stricken by flood or drought and camel trains rode to the rescue time and time again. But with success came fierce opposition fuelled by prejudice. The camel was not even classed as an animal under Australian law and in a climate of colonial misinformation, hyperbole and fear, camel drivers like Wade were shown almost as little respect. Yet all the while for those in need the ships of the desert continued to appear on the outback horizon. After his interest was piqued by a nineteenth century photo of a camel train in a country town, Ryan Butta found himself on the trail of Australia's earliest Afghan camel drivers. Separating the bulldust from the bush poetry, he reveals the breadth and depth of white Australian protectionism and prejudice. Told with flair and authority, this gritty alternative history defies the standard horse-powered folklore to reveal the untold debt this country owes to the humble dromedary, its drivers and those who brought them here.
