Taking Sides By Gary Soto Teaching Guides:

Study Guide for Taking Sides by Gary Soto ,2001 Provides teaching strategies background and suggested resources reproducible student pages to use before during and after reading Cover Resources in Education ,1997 **The Organized Teacher's Guide to Substitute Teaching** Steve Springer, Kimberly Persiani, 2012-08-21 Accompanying CD ROM contains 82 reproducible PDFs **Multicultural Literature for Children and Young Adults** Mingshui Cai, 2002-10-30 There is much discussion of multiculturalism in education This is especially true of multicultural literature for children and young adults The rise of multicultural literature is a political rather than a literary movement it is a movement to claim space in literature and in education for historically marginalized social groups rather than one to renovate the craft of literature itself Multicultural literature has been closely bound with the cause of multiculturalism in general and thus has been confronted with resistance from conservatives This book discusses many of the controversial issues surrounding multicultural literature for children and young adults The volume begins with a look at some of the foundational and theoretical issues related to multicultural literature The second part of the book addresses issues related to the creation and critique of multicultural literature including the authorship of such works and the role of the reader in determining whether or not a work is multicultural The third looks at the place of multicultural literature in the education of children and young adults Throughout its discussion the book makes extensive references to a large body of multicultural fiction and provides a thorough review of research on this important topic **How to Teach Students Who Don't Look Like You** Bonnie M. Davis, 2006 Working with students from diverse backgrounds is one of the greatest challenges teachers face In addition teachers and administrators face additional pressure to close the achievement gap between white students and their racial and ethnically diverse counterparts A former teacher Bonnie Davis has particular insight into this issue as a white woman with a black son who has successfully taught students of diverse backgrounds Drawing on the educational literature on the subject Bonnie has created an interactive workbook for teachers that will help them understand their students and find new and better ways of teaching to them **A Reader's Guide to Gary Soto's Taking Sides** Jen Jones Donatelli, 2010-01-01 An introduction to Gary Soto's novel Taking sides for high school students which includes biographical background on the author explanations of various literary devices and techniques and literary criticism for the novice reader Provided by publisher **A Field Guide to the Classroom Library** Lucy Calkins, 2002 Provides comprehensive and accessible leveled lists and guides for 1 200 children's trade books for kindergarten through 6th grade to help teachers build classroom libraries **Gary Soto** Ron McFarland, 2022-08-05 In a 1995 interview prolific Chicano writer Gary Soto noted Wonderment has always been a part of my life This book surveys Soto's immense range of poems stories novels essays and plays for audiences of prereaders to adults Soto's world moves from the cotton and beet fields of the San Joaquin Valley to the blue collar barrios of Fresno and to urban and suburban settings in Oakland and Berkeley Chapters analyze a wide variety of Soto

titles from his breakout works like 1977's *The Elements of San Joaquin* to the *Chato the Cat* illustrated books for children. With self-deprecating humor particularly in his poems, Soto combines his wonderment with the trials and conflicts that beset him throughout life. In such novels as *Jesse Buried Onions* and *The Afterlife* and in his stories for YA readers including *Baseball in April* and *Petty Crimes*, his broad array of characters confront the anxieties and annoyances of adolescence. Although he continues to motivate young Chicanos to read and write, Soto stakes his greatest claims to literary prominence through his poems, which are accessible to readers of all ages.

Teaching through Culture: Strategies for Reading and Responding to Young Adult Literature Joan Parker Webster, 2002-10-31 In an increasingly multicultural global community, teachers are striving to bring more culturally responsive materials to their classrooms. In this trailblazing text, Joan Parker Webster provides instructors with the basic tools to teach young adults Hispanic literature using selected texts and tailored methods for implementation in classes made up of culturally diverse students. She has chosen exemplary narrative works from some of the most respected authors of Latino literature. *Teaching through Culture* introduces teachers to key texts while providing ancillary information and methods to make teaching and reading experiences effective. A culturally responsive teacher builds on students' prior knowledge and employs appropriate styles of communication and interaction to engage students in learning. Parker Webster affirms that the use of texts that provide cultural connections is the most successful way to actively engage diverse learners and improve their comprehension. When students can see themselves in the stories they read, they encounter familiar ideas and situations which lessen an often overwhelming and intimidating school environment. In each chapter, Joan Parker Webster provides the historical and cultural context for each text and applies strategies for understanding and teaching the text in the classroom. Each chapter is divided into the following sections: Synopsis of the Story, Background before You Read, Reading and Responding to the Story, Working with Words, and Connecting across the Curriculum. Webster presents the works of such authors as Anil Bernardo, Diane Gonzales Bertrand, Judith Ortiz Cofer, Ofelia Dumas Lachtman, Floyd Martinez, and Tom Rivera.
