Introduction of the interviewer and interview objective

- Introduction
Hello, welcome to the interview. Thank you for making time to do this interview with me.
- Research objective
I am doing this interview with you because our group wants to find out the image and perception you (25-30, single, working and have been or want to go to Nepal) have of Nepal as holiday/travel destination. We want to know more about your image and perception, because you are apart of our target group.
- Duration
The duration of this interview is going to be around 30-45 minutes, this all depends on how the interview goes. It would be very delightful if you tried to answer my questions with as much detail as possible. Because we can use all the information we get.

Also, to be clear this information is only for our research and will not be shared anywhere. It is strictly for us and nothing else will be done with it, other than my group using it for our research.
