Mangiapane,2004 For nonexperts who want simple answers to their pressing questions on life love work and the future this unique approach to Tarot is the most accessible introduction ever John Mangiapane offers his special method of reading the cards *The Tarot According to You* Nancy Garen,2001 In TAROT MADE EASY Nancy Garen provided an authoritative

comprehensive guide to the tarot one of the oldest and most popular divination systems In her new book she shows readers how to go a step further Designed as a workbook that can be used with any tarot deck THE TAROT ACCORDING TO YOU enables readers to increase their self awareness and empower themselves by trusting their own interpretations and observations about the meanings of the cards **Learning the Tarot** Joan Bunning,1998-01-15 Learning the Tarot Joan

Bunning offers a complete course in 19 lessons that covers the basics and then gradually goes into more advanced concepts First published in 1998 Joan Bunning's Learning the Tarot has become a tarot classic Written in a confident and natural style the book communicates the basic depth and beauty of each card shows how the cards trigger psychological projection and enhances intuition Learning the Tarot is a thorough but never overwhelming invitation to the beginner The book focuses in detail on the actual process of discovering meaning in the cards how to consider one card by itself how to look for card pairs how to create the story of a reading The book includes a convenient reference section that contains two pages of information for each card including a picture from the popular Waite Smith deck a description keywords action phrases and suggestions for cards with similar and opposite meanings The author first presented this course online at learntarot.com which continues to attract over one hundred thousand visitors per month When I first created my website in 1995 writes Joan Bunning I never dreamed how much interest in the tarot I would find People from all over the world began writing to tell me about their experiences with the course and their adventures with the cards This response was music to my ears I knew from my own experience that the tarot is a wonderful tool for personal guidance and inner exploration My goal with this book was to give you the basics you need to begin working with the tarot on your own I try to make this inner process understandable by breaking it up into a series of steps that are simple while still doing justice to the depth and beauty of the cards I concentrate on the everyday showing how the tarot makes real practical sense in the modern world The tarot is a living system that adapts creatively to each user Rather than rules I offer guidelines While reading my book I want you to feel that you have a teacher sitting next to you who is introducing you to this special tool but also encouraging you to go on to discover your own unique approach to the cards **1-2-3 Tarot** Donald Tyson,2004 With the simple system outlined in this book you can start

reading the cards immediately even if you've never even touched a Tarot deck before. Most books that teach you how to read the Tarot contain long lists of keywords for each card. With seventy-eight cards and multiple keywords for each card that's hundreds of meanings to memorize. The easy effective system outlined in 1 2 3 Tarot will have you giving accurate readings right away without having to memorize anything. The key to this unique system is the Tarot sentence. A card's complex significance boils down to three elements: identity, action, and direction. These elements are matched with a noun, verb, and adverb to form a simple sentence and give you a succinct meaning for any given card. You'll learn how to interpret the collective meanings of three-card sets within a variety of spreads designed to answer any question. A quick reference table that includes reversed meanings saves you the trouble of flipping through the book while you're in the middle of a reading. Flexible, fast, and fun, this foolproof method can be applied to any Tarot deck.

Michele Morgan, 2002-02-28. The professional psychic and author of Simple Wicca offers a practical guide to the ancient art of Tarot with illustrated card-by-card explanations. In *A Magical Course in Tarot*, Michele Morgan shares her deep understanding of this centuries-old mystical tool for communicating with the Divine. Appealing to both novice and experienced Tarot readers, Morgan's method taps into the psychic energies that are inherent in everyone. Morgan's strategy, which can be applied to any of the various Tarot decks, allows the reader to begin reading cards after the first chapter. Accompanied by 78 beautifully penned original illustrations, this guide is divided into three sections: including how to follow one's instincts, traditional and historical meanings of the cards, and a detailed analysis on the interactions among the cards. With a highly readable, hip writing style, Ms. Morgan unveils the rich and magical process of how to read the cards.

James Wanless, Ph.D., author of *Voyager Tarot* and *Way of the Great Oracle* **Simply Tarot** Leanna Greenaway, 2005. Before you begin this introduction to Tarot, you may ask yourself, "Am I psychic?" The surprising answer: the Tarot deck is the best possible way to find out. Follow this guide and uncover your gifts while you explore the mysteries of the Tarot through the clear directions and explanations. Start from how to choose the right Tarot deck and care for it to enhance its power. In addition to both traditional and modern explanations for all 78 cards, you'll find exercises to develop your reading ability, six different spreads, advice on doing a reading for someone who's in a different location, and for times when you have no Tarot deck.

Sample spreads are comprehensive ranging from manycard Gypsy spreads to quick and easy Three Card Draws. She also gives the reader reference charts exercises and structured tarot lessons.

The Talisman Magick Workbook Kala Pajeon, Ketz Pajeon, 1992

Tarot Alchemy Kenneth Joseph Coombs, 2012-02-09 Employing a practical mathematical approach author Kenneth Coombs presents a scientific and comprehensive analysis of the twenty two Tarot cards in the Major Arcana. This detailed examination deciphers the reactions and interactions of the Tarot cards with each other rather than simply the individual meanings of each card. He shares the results of the 231 possible combinations. In Tarot Alchemy Coombs a chemist with more than thirty years of Tarot card reading experience discusses a novel approach to understanding Tarot. He details the process of alchemy which involves looking at each Tarot card as an element. The interactions of the Tarot cards are like reactions that create molecules and it is the interactions of the Tarot cards with each other that give depth and enlightenment in a Tarot reading. This process has given him the ability to determine specific timeframes and even names of people and places using the cards. His approach of deciphering the interactions in a scientific way leads to new insights about the meanings of the Tarot cards in a reading. Tarot Alchemy shows how learning to find patterns in the cards strengthens intuitive abilities and unlocks the doors to understanding the Tarot cards.
