Inspiration Ap Dijksterhuis, 2025-11-18 Inspiration propels us It s the basis of every accomplishment But the idea that it simply falls into your lap is a myth Inspiration doesn t come to us in a gust of wind only to disappear into the mist again You make it happen it s a reward for work that you ve already done The combination of perspiration and inspiration takes you to where you want to go In this ode to what is perhaps the brain s greatest achievement Ap Dijksterhuis explains with a storyteller s verve what inspiration is why we have it how it works and how to get it Drawing upon on the most up to date research in neuroscience and psychology he shows how inspiration stands in relation to creativity motivation curiosity and the overall functioning of the brain Ultimately inspiration is not a privilege granted to a talented few everyone who chooses inspiration will benefit from it Including you
