 find it interesting that when I talk to some of my grandchildren about what they are learning at school I have been told that
 in history they have been learning about the Second World War I count myself very lucky that I am of a generation that has
 not had to suffer the sacrifices that my parents had to in living through two world wars When I read the history of the First
 World War it has many descriptions of the hardship rationing and shortages experienced at the end of that conflict and I can
 relate with what I read as we had the same experience in the first twelve years of my life with rationing and shortages in the
 Second World War So my story begins with quite a few pages about that I have included all my diary entries written on board
 HMS Bulwark I had not read these diaries since I wrote them fifty five years ago but there are some interesting insights into
 the mind of a na ve insecure nervous National Service conscript along with some interesting descriptions of some of the
 places around the world we went to The rest of the story is of my two loves my family and the building of a successful
