Taming The Wolf Maureen Smith:

Taming the Wolf (the Wolf Pack Series) Maureen Smith, 2011-08-31 With Samara Layton's community outreach organization facing bankruptcy she turns to wealthy attorney Marcus Wolf for a bailout. The only problem is that Marcus is the same sexy gorgeous man she turned down at a fashion show in New York. Little did she know that she would soon need his help to rescue her business. As she sets out to seduce him she quickly discovers just how pleasurable it can be to tame a wolf. From the moment Samara steps onto the runway in a breathtakingly sheer gown Marcus is captivated. When their eyes meet the electricity between them is enough to light up all of Manhattan. But while Marcus would like nothing more than to bed the exotic beauty he has no interest in pursuing a serious relationship with her. But when Samara comes to him for help she makes him an offer he can't possibly refuse.

Taming the Wolf Maureen Smith, 2007 Samara Layton needs a pot of gold. Her community outreach organization in Washington D.C. is in dire financial straits. As executive director it's up to Samara to rescue the non-profit organization from bankruptcy and time is running out. As a last ditch resort she seeks help from her estranged mother world renowned fashion designer Asha Dubois. In exchange for her mother's financial assistance Samara agrees to model in Asha's spring fashion show in New York City. She gets more than she bargained for when she steps onto the runway and into the smoldering gaze of the sexiest man she's ever seen. Life has taught Samara to be skeptical of all men so she's convinced Marcus Wolf is up to no good when he asks her out after the fashion show. When she rudely turns down his dinner invitation she has no idea that she will soon need his help to rescue her business. And little does she know that Marcus is the man who will take her body to heights of ecstasy and ultimately claim her heart and soul. Prominent civil rights attorney Marcus Wolf is in New York City on an important business trip. Attending a fashion show is not on his itinerary until a friend talks him into it. From the moment Samara Layton steps onto the runway in a breathtakingly sheer gown Marcus is captivated. When their eyes meet the electricity between them is enough to light up all of Manhattan. But while Marcus would like nothing more than to seduce the exotic beauty he has no interest in pursuing a serious relationship with her. All his life women have brought him nothing but heartache starting with his very own mother who betrayed him in the worst imaginable way. This confirmed bachelor definitely isn't looking for love. But when Samara comes to him for help she makes him an offer he can't possibly refuse.

Applying Care Ethics to Business Maurice Hamington, Maureen Sander-Staudt, 2011-07-29 Applying Care Ethics to Business is a multidisciplinary collection of original essays that explores the intersection between the burgeoning field of care ethics and business. Care ethics is an approach to morality that emphasizes relational particularist and affective dimensions of morality that evolved from feminist theory and today enjoys robust intellectual exploration. Care ethics emerged out of feminist theory in the 1980s and the greatest contribution to moral analysis among Women Studies scholars. Today feminists and non-feminist scholars are increasingly taking care ethics seriously. Applying care to the marketplace is a natural step in its maturity. Applying Care Ethics to Business is the first book

length analysis of business and economic cases and theories from the perspective of care theory Furthermore given economic turbulence and the resulting scrutiny of market practices care ethics provides fresh and timely insight into ideal business values and commitments In many ways care ethics emphasis upon connection and cooperation as well as the growth and well being of the other make it appear to be the antithesis of the corporate character Nevertheless many contemporary theorists question if traditional moral approaches based on autonomous agents is adequate to address a shrinking and interconnected world particularly one that is marked by global markets Applying Care Ethics to Business offers a unique opportunity to rethink corporate responsibility and business ethics
