Grimoires ,2010-09-23 What is a grimoire The word has a familiar ring to many people particularly as a consequence of such popular television dramas as *Buffy the Vampire Slayer* and *Charmed* But few people are sure exactly what it means Put simply grimoires are books of spells that were first recorded in the Ancient Middle East and which have developed and spread across much of the Western Hemisphere and beyond over the ensuing millennia At their most benign they contain charms and remedies for natural and supernatural ailments and advice on contacting spirits to help find treasures and protect from evil But at their most sinister they provide instructions on how to manipulate people for corrupt purposes and worst of all to call up and make a pact with the Devil Both types have proven remarkably resilient and adaptable and retain much of their relevance and fascination to this day But the grimoire represents much more than just magic To understand the history of grimoires is to understand the spread of Christianity the development of early science the cultural influence of the print revolution the growth of literacy the impact of colonialism and the expansion of western cultures across the oceans As this book richly demonstrates the history of grimoires illuminates many of the most important developments in European history over the last two thousand years Vodou Visions Sallie Ann Glassman, 2014-08-30 This book introduces readers to Vodou's rich history powerful ancestors and vibrant spirits known as Lwa With more than one hundred breathtaking illustrations *Vodou Visions* reveals how to honor and invoke the Lwa with specific ceremonial offerings and litanies Using methods drawn from more than twenty years of practice Vodou priestess Sallie Ann Glassman shares purification and

Jamaican Folk Medicine Arvilla Payne-Jackson,Mervyn C. Alleyne,2004 This pioneering work is multi disciplinary in approach as it examines the rich folk medicine of Jamaica Payne Jackson and Alleyne analyse the historical and linguistic aspects of folk medicine based on their research which included extensive fieldwork and interviews They explore the

sociological and ethnological dimensions of common healing and health preserving practices which rely on Jamaica's rich biodiversity in medicinal and nutritional flora. As is the case with other aspects of Jamaican traditional culture, Jamaican folk medicine is largely misunderstood and subject to negative pejorative attitudes. This comprehensive study challenges some of the myths and misinformation. Particular attention is paid to cultural transference from Africa and the use of herbs in African Jamaican religions. The work has an appendix and a glossary as well as a detailed bibliography.

The Real World S.L. Harris, 2018-10-15. The Real World Book Two of The Story of Us Series. What happens after the love bubble phase of a relationship? What happens when you get to know the real person behind the flowers, dates, and out of this world sex? Does the romance fizzle out? Does the love get stronger? These are some of the questions that are on Sabine's mind. The mystery of the fairy tale between the happily ever after ending. Dating is one thing but starting a life with someone is an entirely different thing. From the day that Kelvin and Sabine met, she knew that she loved him. It's that space in between the two extremes: getting to know you and is this the person I'm going to spend the rest of my life with? That's got Sabine so confused. It seemed as if she had found everything that she was looking for in a mate with Kelvin, but why does it feel like something's missing? Will Sabine's fears of the unknown sabotage her relationship? Will the habits of Kelvin's past tear the relationship apart? The Real World explores these scenarios in the Entangled Universe as things relate not only to Sabine Stallworth and Kelvin Frey's world but also with her sister Samantha and her husband Malik Marcs and in relation to Sabine's good friend William Witford and his ex-lover Sara Mansfield.

Includes recipes for magical oils, instructions for candle workings, and directions to create gris gris bags and Voodoo dolls to attract love, money, justice, and healing, and for retribution. Explores the major figures of New Orleans Voodoo, including Marie Laveau and Dr. John. Exposes the diverse ethnic influences at the core of Voodoo, from the African Congo to Catholic immigrants from Italy, France, and Ireland. One of America's great native-born spiritual traditions, New Orleans Voodoo is as complex, free-form, and beautiful as the jazz that permeates this steamy city of sin and salvation. From the French Quarter to the Algiers neighborhood, its famed vaulted cemeteries to its infamous Mardi Gras celebrations, New Orleans cannot escape its rich Voodoo tradition, which draws from a multitude of ethnic sources, including Africa, Latin America, Sicily, Ireland, France, and Native America. In *The New Orleans Voodoo Handbook*, initiated Vodou priest Kenaz Filan covers the practices, tools, and rituals of this system of worship as well as the many facets of its origins. Exploring the major figures of New Orleans Voodoo, such as Marie Laveau and Dr. John, as well as Creole cuisine and the wealth of musical inspiration surrounding the Mississippi Delta, Filan examines firsthand documents and historical records to uncover the truth behind many of the city's legends and to explore the oft-discussed but little-understood practices of the root doctors, Voodoo queens, and spiritual figures of the Crescent City. Including recipes for

magical oils instructions for candle workings methods of divination and even directions to create gris gris bags mojo hands and Voodoo dolls Filan reveals how to call on the saints and spirits of Voodoo for love money retribution justice and healing
