Voodoo Search For The Spirit Abrams Discoveries:

Voodoo, 1995 Reclaiming Haiti's Futures Darlène Elizabeth Dubuisson, 2025 Haiti was once a beacon of Black liberatory futures but now it is often depicted as a place with no future where emigration is the only way out for most of its population But Reclaiming Haiti's Futures tells a different story It is a story about two generations of Haitian scholars who returned home after particular crises to partake in social change The first generation called jenerasyon 86 were intellectuals who fled Haiti during the Duvalier dictatorship 1957-1986 They returned after the regime fell to participate in the democratic transition through their political leadership and activism The younger generation dubbed the jenn dokt returned after the 2010 earthquake to partake in national reconstruction through public higher education reform An ethnography of the future the book explores how these returned scholars resisted coloniality's fractures and displacements by working toward and creating inhabitability or future oriented places of belonging through improvisation rasanblaj assembly and radical imagination By centering on Haiti and the Caribbean the book offers insights not just into the Haitian experience but also into how fractures have come to typify more aspects of life globally and what we might do about it **Discoveries: King Arthur and the Knights of the Round Table** Anne Berthelot, 1997-09 Who was King Arthur Did he ever really live And where do his legends come from This book explores the historical King Arthur perhaps Roman perhaps Saxon Breton or Pictish and the origins of the literary legends about him that have remained so popular throughout the centuries **A Pepper-pot of Cultures** Gordon Collier, Ulrich Fleischmann, 2003 The terms creole and creolization have witnessed a number of significant semantic changes in the course of their history Originating in the vocabulary associated with colonial expansion in the Americas it had been successively narrowed down to the field of black American culture or of particular linguistic phenomena Recently creole has expanded again to cover the broad area of cultural contact and transformation characterizing the processes of globalization initiated by the colonial migrations of past centuries The present volume is intended to illustrate these various stages either by historical and or theoretical discussion of the concept or through selected case studies The authors are established scholars from the areas of literature linguistics and cultural studies they all share a lively and committed interest in the Caribbean area certainly not the only or even oldest realm in which processes of creolization have shaped human societies but one that offers by virtue of its history of colonialization and cross cultural contact its most pertinent example The collection beyond its theoretical interest thus also constitutes an important survey of Caribbean studies in Europe and the Americas As well as searching overview essays there are sociolinguistic contributions on the linguistic geography of criollo in Spanish America the Limonese creole speakers of Costa Rica creole language and identity in the Netherlands Antilles and the affinities between Papiamentu and Chinese in Curaçao ethnohistorical examinations of such topics as creole transgression in the Dominican Haitian borderland the Haitian Mandingo and African fundamentalism creolization and identity in West Central Jamaica Afro Nicaraguans and national identity and the Creole
