**Turfloop a Conscious Pariah** Chris Kanyane Kanyane, 2010-01-06 This book provides reflections on the butterfly effect on how Turfloop brought in the Age of Barack Obama What is the Age of Barack Obama To paraphrase Dr Ineke Van Kessel a prominent historian at the Leiden University in the Netherlands The University of the North also known as Turfloop played a vital role as the center of communication coordination ideological direction the engine of bringing the new South Africa was University of the North We approached this book like detectives Fortunately in our detective work we were not concerned with a particular agenda we were not trying to prove that a certain method of thinking was right or wrong We didnt want this book to be filled with personal opinions and biases We wanted this book to be juice and accessible to every person who reads it in whatever corner of the world We have to back up our story with facts of course and get other people to do practical analysis and later we added our own perspectives When we completed writing this book we passed it around amongst critical people spread across the globe Most of them said that the book is somehow highbrow and at the same time all together lowbrow which came as a compliment A lot of people are somewhere in between We want this book to embody that because there are many people there we want them to appreciate this book

*Bury Me at the Marketplace* N. Chabani Manganyi, David Attwell, 2009-11-01 When Chabani Manganyi published the first edition of selected letters twenty five years ago as a companion volume to *Exiles and Homecomings* A Biography of Es'kia Mphahlele the idea of Mphahlele's death was remote and poetic The title *Bury Me at the Marketplace* suggested that immortality of a kind awaited Mphahlele in the very coming and going of those who remember

him and whose lives he touched It suggested too the energy and magnanimity of Mphahlele the man whose personality and intellect as a writer and educator would carve an indelible place for him in South Africa s public sphere That death has now come and we mourn it Manganyi s words at the time have acquired a new significance in the symbolic marketplace he noted the drama of life continues relentlessly and the silence of death is unmasked for all time The silence of death is certainly unmasked in this volume in its record of Mphahlele s rich and varied life his private words his passions and obsessions his arguments his loves hopes achievements and yes even some of his failures Here the reader will find many facets of the private man translated back into the marketplace of public memory Despite the personal nature of the letters the further horizons of this volume are the contours of South Africa s literary and cultural history the international affiliations out of which it has been formed particularly in the diaspora that connects South Africa to the rest of the African continent and to the black presence in Europe and the United States This selection of Mphahlele s own letters has been greatly expanded it has also been augmented by the addition of letters from Mphahlele s correspondents among them such luminaries as Langston Hughes and Nadine Gordimer It seeks to illustrate the networks that shaped Mphahlele s personal and intellectual life the circuits of intimacy intellectual inquiry of friendship scholarship and solidarity that he created and nurtured over the years The letters cover the period from November 1943 to April 1987 forty four of Mphahlele s mature years and most of his active professional life The correspondence is supplemented by introductory essays from the two editors by two interviews conducted with Mphahlele by Manganyi and by Attwell s insightful explanatory notes

THEY LIVE      Attuned Leadership Reuel Khoza, 2012-10-01 Leaders are not just born to the role They are born then made and sometimes unmade by their own actions A leader who is not attuned to his or her followers soon becomes a leader in limbo and invariably then fails Connectedness compassion empathy integrity humility reasonableness and a determination to be effective are the keys to attuned leadership An attuned leader can step boldly into an uncertain future with the certainty that followers will lend their support In this richly reflective discussion of leadership and transformation the author provides a guide to what constitutes ethical leadership in local and global contexts for business politics and government In a world where tyrants abound in corporations and in states Attuned Leadership provides a compass for the direction of ethical leadership Central to this perspective is that the philosophical traditions of Africa offer an important contribution to the theory and practice of leadership in the world today African humanism or Ubuntu evokes both reason and empathy as the basis for ethical leadership Ubuntu articulated in the Zulu proverb Umuntu Ngumuntu Ngabantu means that a person is a person because of other people The author contends that the reciprocal relationship between the individual and the social collective stimulates caring and progressive thought and action Nowhere is this more apt than in the relationship between leader and followers
