*Bantu Authorities* Veronica Ehrenreich-Risner, 2022-02-18 In *Bantu Authorities* Apartheid s System of Race and Ethnicity Veronica Ehrenreich Risner provides the first holistic study of the Bantu Authorities BA system that implemented rural apartheid The system extended segregation by including ethnos theory to establish underfunded self governing homelands to curb the expense of native administration yet retain control of the cheap labor upon which white capital depended Based on over sixty interviews with Zulus and former commissioners and archival research Bantu

Authorities proves the primary objective of the system was to protect white capital with white racial purity secondary  
Ehrenreich Risner argues that the system disrupted the Brownlee tradition of guardianship for commissioners and the  
tradition of reciprocity for ubukhosi Bantu Authorities ends by examining the lingering consequences of rural apartheid and  
asks what rural Africans have gained with majority rule when they remain bound to BA structures     Publication Series of
