Sustainability in the Mineral and Energy Sectors Sheila Devasahayam, Kim Dowling, Manoj K. Mahapatra, 2016-09-15 Sustainable practices within the mining and energy sectors are assuming greater significance due to uncertainty and change within the global economy and safety security and health concerns This book examines sustainability issues facing the mining and energy sectors by addressing six major themes Mining and Mineral Processing Metallurgy and Recycling Environment Energy Socioeconomic and Regulatory and Sustainable Materials and Fleets

Emphasizing an integrated transdisciplinary approach it deliberates on optimizing mining productivity and energy efficiency and discusses integrated waste management practices It discusses risk management cost cutting and integration of sustainable practices for long term business value It gives a comprehensive outlook for sustainable mineral futures from academic and industry perspectives covering mine to mill optimization waste risk and water management improved efficiencies in mining tools and equipment and performance indicators for sustainable developments It covers how innovation and research underpin management of natural resources including sustainable carbon management Focuses on mining and mineral processing metallurgy and recycling the environment energy socioeconomic and regulatory issues and sustainable materials and fleets Describes metallurgy and recycling and uses economic environmental and social parameter analyses to identify areas for improvement in iron steel aluminium lead zinc copper and gold production Discusses current research on mining performance indicators for sustainable development sustainability in mining equipment risk and safety management and renewable energy resources Covers alternative and conventional energy sources for the mineral sector as well water treatment and remediation and energy sustainability in mining Provides an overview of sustainable carbon management Offers an interdisciplinary approach with international focus [The Statesman's Yearbook 2017](#) Palgrave Macmillan,2017-02-28 Now in its 153rd edition The Statesman's Yearbook continues to be the reference work of choice for accurate and reliable information on every country in the world Covering political economic social and cultural aspects the Yearbook is also available online for subscribing institutions www.statesmansyearbook.com **YouthXchange training kit on responsible consumption for Africa** Martinez-Roca, Carme,Thoresen, Victoria,UNEP,2017-12-31 **Widening University Access and Participation in the Global South** Edward Mboyonga,2024-12-31 Using a capability approach as an analytical framework this timely volume examines how access to higher education enabled through private universities can transform students lives and contribute to human development in low income countries in the Global South Providing new insights into the contribution of the private higher education sector in Africa's developmental agendas the book offers an alternative to human capital theory by offering an expansive notion on the value of higher education emphasising both the economic and the intrinsic societal and social benefits that come from access to university and raised aspirations The chapters identify and discuss six specific capabilities valued by students that higher education provides This includes epistemological access epistemic contribution aspiration recognition respect and belonging Ubuntu and employability The book foregrounds the voices of students and lecturers to explore students aspirations agency access and participation Ultimately promoting a reconsideration of access to higher education beyond numerical terms by focusing on students access to transformative knowledge as means to promote their freedom to achieve well being the book will appeal to scholars researchers and postgraduate students in higher education African education studies and international and comparative education more broadly **The History of the University of Zambia, 1966-2016** B. J. Phiri,2016 *Global Sufism*

Francesco Piraino, Mark Sedgwick, 2019-11-01 An indispensable reader on the many manifestations of Sufi thought practice and belief

Postcolonial Legality: Law, Power and Politics in Zambia Jeremy Gould, 2023-03-24 This book interrogates the ideology and practices of liberal constitutionalism in the Zambian postcolony. The analysis focuses on the residual political and governmental effects of an imperial form of power embodied in the person of the republican president termed here prerogativism. Through systematic long term ethnographic engagement with Zambian constitutionalist activists, lawyers, judges and civic leaders, the study examines how prerogativism has shaped the postcolonial political landscape and limited the possibilities of constitutional liberalism. This is revealed in the ways that repeated efforts to reform the constitution have sidelined popular participation and thus failed to address the deep divide between a small elite stratum from which the constitutional activists are drawn and the marginalized masses of the population. Along the way, the study documents the intimate interpenetration of political and legal action and examines how prerogativism delimits the political engagements of elite actors. Special attention is given to the reluctance of legal activists to engage with popular politics and to the conservative ethos that undermines efforts to pursue a jurisprudence of transformational constitutionalism in the findings of the Constitutional Court. The work contributes to the rising interest in applying socio legal analysis to the statutory domain in postcolonial jurisdictions. It offers a pioneering attempt to deconstruct the amorphous and ambivalent assemblage of ideas and practices related to constitutionalism through detailed ethnographic interrogation. It will appeal to scholars, students and practitioners with an interest in theorizing challenges to political liberalism in postcolonial contexts as well as in rethinking the methodological toolbox of socio legal analysis.

Global Masculinities Mangesh Kulkarni, Rimjhim Jain (Associate Editor), 2018-11-20 What does it mean to be male in today's world? This volume interrogates the myriad practices and myth making that underlie dominant and subordinate constructions of masculinities around the world. Challenging the patriarchal bias that restricts alternative understanding of masculinities, this volume documents and shares evidence, insights and direction on how men and boys can creatively contribute to gender equality in the twenty first century. The book highlights the many lives of men and their interactions with socioeconomic and political processes including the family, fatherhood, migration, development and violence. It critiques hegemonic masculinities and grapples with effective practices that engage men in the empowerment of women. It explores how cultures of masculinity can be transformed to promote social justice, conflict resolution and peace building within and across nations. The book will be indispensable to researchers interested in critical masculinity studies, women's studies, sociology, social anthropology, law, public policy, political science and international relations. It will also be of great relevance to government officials, NGO activists and other practitioners concerned with gender health and development issues.

The Emergence of Teacher Education in Zambia Brendan P. Carmody, 2020-05-01 This book offers a detailed history of the development of teacher education in Zambia. Also analysed is the nature of education offered at different times and how the teacher and his/her education reflect this, arguing

the need for a fundamentally new philosophy of education and a mode of teacher formation in line with it Religion and Human Security in Africa Ezra Chitando, Joram Tarusarira, 2019-01-23 Across diverse countries and contexts in Africa religion has direct implications for human security While some individuals and groups seek to manipulate and control through the deployment of religion religious belief is also a common facet of those working towards peace and reconciliation Despite the strategic importance of religion to human security in Africa there are few contemporary publications that explore this issue on an international scale This volume redresses that imbalance by examining religion's impact on human security across Africa Written by an international team of contributors this book looks in detail at the intersection of religion and security in a variety of African contexts Case studies from a diverse set of countries including Nigeria Ghana South Africa Burkina Faso and more are used to illustrate wider trends across the continent Acknowledging that religion can be used to incite violence as well as encourage peace the chapters employ an interdisciplinary exploration of the ethics sociology and politics around these issues This is much needed volume on religion's capacity to effect human security It will therefore be of significant interest to any scholar of religious studies African studies political science the sociology of religion and anthropology as well as peace conflict and reconciliation studies Tools, Methodologies and Techniques Applied to Sustainable Supply Chains Jorge Luis García-Alcaraz, 2020-02-21 Supply chains are currently globalized and companies operate internationally owing to the fact that raw materials production processes and the consumption of the final products are carried out in different countries This implies high material and information flow which incurs high costs associated with the supply chain and logistics sometimes up to 60% of the total cost of the product Therefore companies seek to optimize their resources to reduce these costs and improve sustainability in a globalized market This book entitled Tools Methodologies and Techniques Applied to Sustainable Supply Chains contains 15 chapters that report case studies applied to industrial and service sectors The authors come from areas such as Mexico Colombia Italy Sweden Slovakia China and Australia They indicate how managers make use of tools and techniques to solve problems associated with supply chains to reduce their cost and remain competitive A great effort has been made to analyze this problem and the methodologies are clearly described here to facilitate the reproducibility of each technique and tool This was done in the hope that hoping that they may one day be applied in more companies Planning Cities in Africa Genet Alem Gebregiorgis, Stefan Greiving, Ally Hassan Namangaya, Wilbard Jackson Kombe, 2022-08-18 This open access book provides insights into challenges threats and opportunities of urban development in Africa It discusses how and why African cities need localised urban planning concepts and theories to deal with challenges and threats of rapid urbanisation and climate change The book delivers an in depth view of the nature and gaps of the framework on which current planning practice and education in Africa are based With that it discusses the potentials of African cities to mobilise local knowledge resources and capacity building for sustained and resilient urban growth This work is addressed to educationists and practitioners in the field of urban development

management climate change adaptation and urban resilience Specifically such audiences include researchers spatial planners graduate students and member of civil societies working on urban development management **Research Anthology on Instilling Social Justice in the Classroom** Management Association, Information Resources,2020-11-27 The issue of social justice has been brought to the forefront of society within recent years and educational institutions have become an integral part of this critical conversation Classroom settings are expected to take part in the promotion of inclusive practices and the development of culturally proficient environments that provide equal and effective education for all students regardless of race gender socio economic status and disability as well as from all walks of life The scope of these practices finds itself rooted in curriculum teacher preparation teaching practices and pedagogy in all educational environments Diversity within school administrations teachers and students has led to the need for socially just practices to become the norm for the progression and advancement of education worldwide In a modern society that is fighting for the equal treatment of all individuals the classroom must be a topic of discussion as it stands as a root of the problem and can be a major step in the right direction moving forward Research Anthology on Instilling Social Justice in the Classroom is a comprehensive reference source that provides an overview of social justice and its role in education ranging from concepts and theories for inclusivity tools and technologies for teaching diverse students and the implications of having culturally competent and diverse classrooms The chapters dive deeper into the curriculum choices teaching theories and student experience as teachers strive to instill social justice learning methods within their classrooms These topics span a wide range of subjects from STEM to language arts and within all types of climates PK 12 higher education online or in person instruction and classrooms across the globe This book is ideal for in service and preservice teachers administrators social justice researchers practitioners stakeholders researchers academicians and students interested in how social justice is currently being implemented in all aspects of education **Estimates of Revenue and Expenditure** Zambia,2015

Official Verbatim Report of the Parliamentary Debates Zambia. National Assembly,2011-12-06 **Sustainable Intensification to Advance Food Security and Enhance Climate Resilience in Africa** Rattan Lal,Bal Ram Singh,Dismas L. Mwaseba,David Kraybill,David O. Hansen,Lars Olav Eik,2014-10-10 This 32 chapter volume represents the core of several oral and poster presentations made at the conference In addition to Introduction and Conclusion sections the book is thematically divided into 7 sections namely 1 Land Use and Farming Systems 2 Effects of Climate Change on Crop Yield 3 Soil Nutrient and Water Management for Carbon Sequestration 4 Rehabilitation of Degraded Lands through Forestry and Agroforestry 5 Management of Animal Production for Greenhouse Gas Emissions 6 Smallholder Adaptation to Climate Change and 7 Economic Social and Policy Issues It addresses these themes in the context of sustainable intensification SI It implies increasing agronomic production from the existing land while improving restoring its quality and decreasing the C or environmental footprint Simply put SI means producing more from less

Eventually, you will certainly discover a new experience and finishing by spending more cash. still when? attain you agree to that you require to get those every needs subsequent to having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will guide you to understand even more nearly the globe, experience, some places, similar to history, amusement, and a lot more?

It is your extremely own time to take effect reviewing habit. accompanied by guides you could enjoy now is **Unza 2014 To 2015 Term** below.
