first skyscrapers But progress was bought at a price and the working classes paid it The knife grinders of Sheffield were lucky to reach their 30th birthday before their ruined lungs gave up women chain makers were described as The White Slaves of England and in a time before health and safety regulations each advance in technology risked a new kind of deadly accident Tracking both the brilliant innovation of the period and the hardship and struggle that powered it this is the story of how iron changed the world     *Buster Keaton's Crew* Lisle Foote,2014-11-14 Buster Keaton told an interviewer in 1965 When I m working alone the cameraman the prop man the electrician these are my eyes out there They knew what they were talking about Drawn from film trade magazines newspapers interviews and public records this book tells the previously unpublished stories of the behind the scenes crew who worked on Keaton s silent films like Elgin Lessley who went from department store clerk to chief cameraman and Fred Gabourie who served as an army private in the Spanish American War before he became Keaton s technical director I d ask Did that work the way I wanted it to and they d say yes or no Keaton said of his crew He couldn t have made his films without them     **The Rough Guide to New York City** Martin Dunford,Jack Holland,2002 Written by New York natives this guide zeros in on Manhattan the city s crown jewel and its world class museums restaurants clubs and hotels and then goes on to the rich and diverse outer boroughs digging up the less obvious charms 34 maps of color maps     **Eat the City** Robin Shulman,2013-05-21 New York the city of money glass and concrete seems like no kind of place to produce food Yet in this smart funny and beautifully written book Robin Shulman places today s urban food production in the context of hundreds of years of history tracing the changing ways we live and eat As Shulman tells the story of New York s ability to feed people she also shows the things we ve always longed for in the cities that we build closer human connections and a sense of something pure Food of course is about hunger but it s also about community With humor and insight Eat the City shows how in places like New York people have always found ways to use their collective hunger to build their own kind of city     *The Loneliest Americans* Jay Caspian Kang,2022-10-11 A provocative and sweeping Time blend of family history and original reportage that explores and reimagines Asian American identity in a Black and white world Kang s exploration of class and identity among Asian Americans will be talked about for years to come Jennifer Szalai The New York Times Book Review Editors Choice ONE OF THE BEST BOOKS OF THE YEAR Time NPR Mother Jones In 1965 a new immigration law lifted a century of restrictions against Asian immigrants to the United States Nobody including the lawmakers who passed the bill expected it to transform the country s demographics But over the next four decades millions arrived including Jay Caspian Kang s parents grandparents aunts and uncles They came with almost no understanding of their new home much less the history of Asian America that was supposed to define them The Loneliest Americans is the unforgettable story of Kang and his family as they move from a housing project in Cambridge to an idyllic college town in the South and eventually to the West Coast Their story unfolds against the backdrop of a rapidly expanding Asian America as millions more immigrants many of them working class or undocumented stream into the country

At the same time upwardly mobile urban professionals have struggled to reconcile their parents assimilationist goals with membership in a multicultural elite all while trying to carve out a new kind of belonging for their own children who are neither white nor truly people of color Kang recognizes this existential loneliness in himself and in other Asian Americans who try to locate themselves in the country's racial binary There are the businessmen turning Flushing into a center of immigrant wealth the casualties of the Los Angeles riots the impoverished parents in New York City who believe that admission to the city's exam schools is the only way out the men's rights activists on Reddit ranting about intermarriage and the handful of protesters who show up at Black Lives Matter rallies holding Yellow Peril Supports Black Power signs Kang's exquisitely crafted book brings these lonely parallel climbers together and calls for a new immigrant solidarity one rooted not in bubble tea and elite college admissions but in the struggles of refugees and the working class     **Empire City** Kenneth T. Jackson, David S. Dunbar, 2002 This major anthology brings together the best literary writing about New York from O Henry Theodore Dreiser F Scott Fitzgerald and John Steinbeck to Paul Auster and James Baldwin
