Higher Education Pathways Ashwin, Paul, Case, Jennifer M., 2018-12-14 In what ways does access to undergraduate education have a transformative impact on people and societies What conditions are required for this impact to occur What are the pathways from an undergraduate education to the public good including inclusive economic development These questions have particular resonance in the South African higher education context which is attempting to tackle the challenges of widening access and improving completion rates in a system in which the segregations of the apartheid years are still apparent Higher education is recognised in core legislation as having a distinctive and crucial role in building post apartheid society Undergraduate education is seen as central to addressing skills shortages in South Africa It is also seen to yield significant social returns including a consistent positive impact on societal institutions and the development of a range of capabilities that have public as well as private benefits This book offers comprehensive contemporary evidence that allows for a fresh engagement with these pressing issues

Inclusive Businesses in Agriculture Wytse Chamberlain, Ward Anseeuw, 2017-03-30 Inclusive business is hailed as a win win scenario for the development of poor communities yet there is little insight into how these inclusive businesses work and more importantly for whom This book aims for a thorough understanding of the range of

inclusive businesses in agriculture by examining the structures they implement the actors involved and whether they are effectively inclusive of smallholders It presents a range of case studies and is therefore empirically based and practically oriented By offering a critical assessment of inclusive businesses overall it allows for a better perception of what works where and under which conditions It provides useful insights that will benefit smallholders agri businesses support groups policy makers and investors who are willing to promote more inclusive businesses that foster a better integration of smallholders into commercial value chains and a more equitable and sustainable agricultural sector

Trust, Courts and Social Rights David Vitale, 2024-02-07 Trust Courts and Social Rights proposes an innovative legal framework for judicially enforcing social rights that is rooted in public trust in government or political trust Interdisciplinary in nature the book draws on theoretical and empirical scholarship on the concept of trust across disciplines including philosophy sociology psychology and political theory It integrates that scholarship with the relevant public law literature on social rights fiduciary political theory and judicial review In doing so the book uses trust as an analytical lens for social rights law importing ideas from the scholarship on trust into the social rights literature and develops a normative argument that contributes to the controversial debate on how courts should enforce social rights Also global in focus the book uses cases from courts in Africa Europe Latin America and North America to illustrate how the trust based framework operates in practice

Farm Crime Joseph F. Donnermeyer, 2025-06-20 A little known and under appreciated area in criminology is knowledge about the extent pattern and costs of crime committed against agriculture Farm Crime An International Perspective is the first book to summarize the existing literature from across the globe about agricultural victimization It demonstrates the vulnerability of farms and farm families to both property and violent crime and how it threatens their livelihood and lifestyles Written by a pioneer of rural criminology this book provides both a descriptive synthesis of agricultural victimization and a discussion of various criminological theories applied to its study Despite the great diversity of farms in different regions of the world and the significant differences between the kinds of crime committed against farms from continent to continent Farm Crime summarizes common areas of vulnerability It provides a significant agenda for the future study of agricultural victimization both in terms of its importance to issues of food security and the safety of farm families around the world This book is essential reading for green criminologists rural criminologists mainstream criminologists and sociologists alike It will also be of interest to researchers and policymakers focused on issues of rural development agricultural policy and food security
