Nation and Region in Grierson's Linguistic Survey of India Javed Majeed, 2018-10-03 George Abraham Grierson's *Linguistic Survey of India* is one of the most complete sources on South Asian languages This book is the first detailed examination of the Survey It shows how the Survey collaborated with Indian activists to consolidate the regional languages in India By focusing on India as a linguistic region it was at odds with the colonial state's conceptualisation of the subcontinent in which religious and caste differences were key to its understanding of Indian society A number of the Survey's narratives are detachable from its rigorous linguistic imperatives and together with aspects of Grierson's other texts these contributed to the way in which Indian nationalists appropriated and reshaped languages making them religiously charged ideological symbols of particular versions of the subcontinent Thus the Survey played an important role in the emergence of religious nationalism and language conflict in the subcontinent in the 20th century This volume like its companion volume *Colonialism and Knowledge in Grierson's Linguistic Survey of India* will be a great resource for scholars and researchers of linguistics language and literature history political studies cultural studies and South Asian studies *The Islamic Quarterly*, 2003

Beyond Biryani: The Making of a Globalised Hyderabad Dinesh C. Sharma, 2024 Hyderabad the city of nawabs the Charminar and biryani Or a city plugged into the neural network of global technology Hyderabad is both of those cities all at

once and there is much more to it than meets the eye Beyond Biryani maps the journey from what was at best a proto colonial city under a quasi Mughal princely state till the 1940s to the modern and vibrant metropolis that Hyderabad is today In the pages of this book we see the beginnings of that transformation the Britishers who steered the city in the direction of developing a scientific temper and the nawabs who championed the cause And we discover the workings and patterns of the change from the Chloroform Commissions to Ronald Ross s discovery of malaria from the setting up of Osmania University India s first vernacular university to the newly independent India pushing for industrial laboratories scientific research and strategic forays into nuclear fuel and missiles Finally we discover how in the last thirty years Hyderabad has taken giant leaps towards becoming a truly globalised city An alternative history of the city of Hyderabad Beyond Biryani is a must read for anyone interested in how a city can catapult towards modernity while staying rooted in its cultural heritage
