

JAMES CRAIG

The background of the entire cover is a dark, atmospheric photograph of a city at night. On the left, a large, ornate building with a dome is visible. In the foreground, a person wearing a dark coat and a hat is walking away from the viewer. The scene is dimly lit, with some lights reflecting on the ground.

Shurr, 2014-07-15 This book is the first to consider the work of Herman Melville s later years as a whole in the light of his life and reading during those years and of the intellectual and artistic ambience of the later nineteenth century With the exception of Billy Budd almost all of the writing Melville produced between 1857 and 1891 is poetry Until now little attention has been given to the poetry and it has been customary to view Melville s final masterpiece Billy Budd against the background of the earlier fiction almost as if the writing of the intervening thirty four years had not existed William H Shurr who has studied the poems with close attention to the Melville manuscripts in the Houghton Library at Harvard University contends that Melville s poetry merits more attention and appreciation than has hitherto been accorded it Concerned principally with the maturation of Melville s darker themes he has been the first to study the carefully designed sequences in which Melville published his poems He has also discovered in the poems thematic patterns among them Melville s heterodox Christology and his concept of a particular kind of individualism found in what he calls the transcendent act that shed new light on the complexities of Billy Budd
