Tintinalli's Emergency Medicine: A Comprehensive Study Guide, Seventh Edition (Book and DVD) Judith Tintinalli, J. Stapczynski, O. John Ma, David Cline, Rita Cydulka, Garth Meckler, 2010-10-22. The landmark emergency medicine text is now in full color. Includes Companion DVD with 17 additional chapters. A British Medical Association Book Awards WINNER, Surgery category. A Doody's Core Title, ESSENTIAL PURCHASE for 2011. Collectively they have once again produced an excellent text that manages to cover the broad scope of emergency medicine while remaining an easily readable and practical resource. Last, for the inevitable comparison of this current edition of Tintinalli's Emergency Medicine with other available emergency medicine textbooks available in my opinion, Tintinalli's still comes out on top. It is more concise and easier to read than some, yet it covers the breadth of emergency medicine practice more comprehensively than others. The bottom line is that I like this book. Just as previous editions did, the seventh presents all of the most pertinent and up-to-date information in a well-organized format that is comprehensive yet easy to read. That and many of the attractive new features in this current edition will ensure its place on my bookshelf for years to come. JAMA.
