

Simple Guide On WHEN AND HOW MUCH TO TIP YOUR MASSAGE THERAPIST

Common Practice

20%

It's common practice to tip massage therapists **20% of the service cost**. This total is based off the true cost of the massage.

Discount massages

If you're using a **Groupon** or other discount such as at a massage membership place then you should still base your tip off the true price of the massage, not the discounted price.

Same goes for gift cards, certificates, chair massage, and so on.

No tips

These places will either let you know ahead of time or have that distinction posted either on their website, in a brochure, or on a business card.

No tipping

You'll usually find medical facilities have these policies. **They don't formally accept tips, and they usually won't allow you to add a tip to the credit card** but prefer the customer to tip the therapist in cash if they choose to do so.

Tip included

Destination resort spas usually include the tip in the cost of the massage.

TIP INCLUDED

When in doubt about tipping, the best thing to do is ask

And, if you feel compelled to tip because you were grateful for the service, then it is okay to do so without knowing the policy.
