

BOOK REVIEWS

R. BELLOFIORE and S. CARTER (eds), *Towards a New Understanding of Sraffa. Insights from Archival Research*, Basingstoke, Palgrave Macmillan, 2014, pp. xi+257.

After a big initial impact and remarkable successes, of which the 1960s debates on capital theory were the apex, the line of research stemming from Sraffa's work has not delivered what that initial push had encouraged many to believe it would deliver. This is not to say it has achieved little, but many expectations were certainly disappointed. There are of course different possible explanations for this, many of which may actually complement rather than exclude each other. Certainly, not all is to be ascribed to failings on the Sraffian side. One element which has in my view played a role is the fact that too much attention has been given to topics like that of the similarities or differences between Sraffa and Marx, with the long, drawn out debate on whether Sraffa had 'made a bonfire' of Marx, as alleged by some 'pure' Marxists,¹ while not enough attention and energies have been devoted to using the theory to examine economic realities in a way which is not only different from the one which could be construed using marginalist theory, but also one that was more fruitful. Perhaps overexcited by the results of what Maurice Dobb called 'A decade of high criticism', many students of Sraffa have neglected what may have (wrongly) appeared to them as the inferior task of showing with concrete examples to what use the theory rescued by Sraffa could be put, and with what results.

The book under review publishes the proceedings of a conference held in 2010 at the university of Bergamo (Italy). Many of the contributors are from the Italian and French Marxist groups which have in the past shared the 'pure' Marxist view of Sraffa. The conference was among the latest in a long series of conferences and meetings spurred by the emerging of results of work done on the archive of Sraffa's papers, which in 1993, 10 years after his death, were at last opened to the free consultation of scholars at the initiative of Trinity College, Cambridge, the owners of the papers.

The title of the conference was: 'The other Sraffa: Surprises in the archive?'. At first sight, it seemed strange that, 20 years after the papers had been made available, and had been sifted with varying degrees of thoroughness by many scholars, the organizers of this conference could think 'surprises' might still come from the archive. It seemed unlikely that any boxes could have been left in the attic, and in fact none were. However,

¹ This was famously maintained by the then 'pure' Marxist philosopher Lucio Colletti (1973, p. 431), who was very influential at the time. He went so far as writing that Sraffa's work 'implies the demolition of the entire foundations of Marx's analysis' (1974, p. 22). Colletti later renounced Marxism and became a devotee of Berlusconi.

Towards A New Understanding Of Sraffa Insights From Archival Research

Howard Nicholas

Towards A New Understanding Of Sraffa Insights From Archival Research:

Towards a New Understanding of Sraffa Scott Carter, 2014-10-22 This book provides fresh insights on Piero Sraffa's work by examining previously unpublished papers from Sraffa's archives. It offers new perspectives on the connection between Sraffa and Marx and examines Sraffa's approach to money, the role of equilibrium and of the surplus in economic theory.

Towards a New Understanding of Sraffa Scott Carter, 2014-10-22 This book provides fresh insights on Piero Sraffa's work by examining previously unpublished papers from Sraffa's archives. It offers new perspectives on the connection between Sraffa and Marx and examines Sraffa's approach to money, the role of equilibrium and of the surplus in economic theory.

Including a Symposium on New Directions in Sraffa Scholarship Luca Fiorito, Scott Scheall, Carlos Eduardo Suprinyak, 2017-11-30 Volume 35B of *Research in the History of Economic Thought and Methodology* features a symposium on the economics of Piero Sraffa, guest edited by Scott Carter and Riccardo Bellofiore. It also features general research contributions from Masazumi Wakatabe and co-authors Eugene Callahan and Andreas Hoffman.

Sraffa and Althusser Reconsidered Paul Zarembka, 2014-10-31 This volume examines the recent advance of neoliberalism. It focuses on three current instances of neoliberalism from around the world as well as providing an in-depth study of Sraffa's works, a critique of Althusser's interpretation of Marxist philosophy, and a discussion of labor aristocracy.

Neo-Marxism and Post-Keynesian Economics Ludo Cuyvers, 2022-06-08 Piero Sraffa and Joan Robinson, both iconic Cambridge economists, were highly influenced by the economic theory of Karl Marx and integrated important elements of Marx's economic system into their theories. This book argues, based on published and unpublished documents, that the work of Sraffa and Robinson can in fact be considered as essentially post-Keynesian neo-Marxist. The first part of the book reviews the intellectual development of several key thinkers to this neo-Marxist current in economic thought: Kalecki, Steindl, Baran, and Sweezy. Part One and Part Two separately examine Robinson and Sraffa's works and questions how they fit into this specific neo-Marxist current, either building on it in Robinson's case or following another direction in Sraffa's case. Part Three observes Robinson's theory of economic growth and its relationship to the views of Marx and Kalecki. Overall, Cuyvers demonstrates how their thought processes share characteristics with neo-Marxist key ideological ideas, such as stating or implying the labour theory of value as either redundant or wrong, emphasising the role of class struggle in the distribution of income, and rejecting Marx's falling rate of profits. Following on from ideas briefly introduced in Cuyvers's *Economic Ideas of Marx's Capital* (2017), this book will particularly appeal to readers interested in the history of economic thought, the work of Sraffa, Robinson, and Marx, post-Keynesian economics, and neo-Marxism.

Sraffa and the Reconstruction of Economic Theory: Volume Three E. Levrero, A. Palumbo, A. Stirati, 2013-12-16 This book accounts for the work done around the two central aspects of Piero Sraffa's contribution to economic analysis: namely, the criticism of the neoclassical theory of value and distribution and the construction of economic theory along the lines of the Classical approach.

Explorations in Marx's Theory of

Price—Why Marx Is Still Relevant for Understanding the Modern Economy Howard Nicholas, 2023-01-01 This book is the first volume in a three volume series that takes an in depth look at the relevance of Marx's economics for understanding the modern economy The focus of this volume is the money prices of commodities In light of the failure of central banks to stimulate inflation through printing of money it is now accepted that there are problems with the mainstream approach to the explanation of prices Howard Nicholas underlines the shortcomings of this and other approaches to the explanation of prices particularly their concepts of the value of the commodity and money He argues the problems with all other approaches are manifest in their inability to explain the changes in the relative prices of commodities taking place in the context of changes in the aggregate money price level as well as independently He contends that of paramount importance in Marx's explanation is that prices are set by producers prior to putting their commodities into the process of circulation undermining the notion they are determined by the supply of and demand for the commodities in the process of exchange Marx's approach to the explanation of prices is also contrasted with those of Neoclassicals Post Keynesians and Sraffa with a view to highlighting the shortcomings in these approaches as bases for their understanding and explanations of money and prices This book will be of interest to academics and students of price theory money and finance political economy and the history of economic thought

A Brief History of Economic Thought Bougrine, Hassan, Rochon, Louis-Philippe, 2022-07-22 It is now widely acknowledged that history is useful even essential because it helps us predict the future The history of ideas in economics as in other fields of inquiry plays an important role in enlightening current researchers as they endeavour to understand contemporary events and anticipate the future of human societies This book brings together a fine collection of chapters that span contributions from forgotten classics to the most recent new thinking about critical issues such as growth wealth its creation and its distribution among members of society It is A Brief History of Economic Thought but it will certainly go a long way in helping undergraduate students and other researchers who are curious about the evolution of economic ideas over the last five centuries

The Routledge Handbook of Heterodox Economics Tae-Hee Jo, Lynne Chester, Carlo D'Ippoliti, 2017-07-28 The Routledge Handbook of Heterodox Economics presents a comprehensive overview of the latest work on economic theory and policy from a pluralistic heterodox perspective Contributions throughout the Handbook explore different theoretical perspectives including Marxian radical political economics Post Keynesian Sraffian economics institutionalist evolutionary economics feminist economics social economics Regulation theory the Social Structure of Accumulation approach and ecological economics They explain the structural properties and dynamics of capitalism as well as propose economic and social policies for the benefit of the majority of the population This book aims firstly to provide realistic and coherent theoretical frameworks to understand the capitalist economy in a constructive and forward looking manner Secondly it delineates the future directions as well as the current state of heterodox economics and then provides both heat and light on controversial issues drawing out the commonalities and differences among different heterodox

economic approaches The volume also envisions transformative economic and social policies for the majority of the population and explains why economics is and should be treated as a social science This Handbook will be of compelling interest to those including students who wish to learn about alternative economic theories and policies that are rarely found in conventional economics textbooks or discussed in the mainstream media and to critical economists and other social scientists who are concerned with analyzing pressing socio economic issues

A Reflection on Sraffa's Revolution in Economic Theory Ajit Sinha, 2021-06-02 This book presents a substantial collection of essays from a wide range of well respected scholars addressing several aspects of Piero Sraffa's economics in light of continuing controversies over the interpretation that should be placed on his work It moves beyond extant scholarship with an added emphasis on the philosophical dimension of Sraffa's seminal work *Production of Commodities by Means of Commodities* Contributors probe new ways of thinking about the political economy of Sraffa and in doing so alongside the comments to each contribution by other scholars provide a cutting edge debate and discussion on non mainstream economic theory This book will be of interest to academics and advanced graduate students in economics with additional interest from scholars in philosophy and the methodology of science

Economic Crisis and Economic Thought Tommaso Gabellini, Simone Gasperin, Alessio Moneta, 2019-01-23 The ongoing economic crisis has revealed fundamental problems both in our economic system and the discipline which analyses it This book presents a series of contrasting but complementary approaches in economic theory in order to offer a critical toolkit for examining the modern capitalist economy The global economic crisis may have changed the world in which we live but not the fundamental tenets of the discipline This book is a critical assessment of the relation between economic theory and economic crises how intellectual thinking impacts on real economic events and vice versa It aims at challenging the conventional way in which economics is taught in universities and later adopted by public officials in the policymaking process The contributions all written by distinguished academics and researchers offer a heterodox perspective on economic thinking and analysis Each chapter is inspired by alternative theoretical approaches which have been mostly side lined from current academic teaching programmes A major suggestion of the book is that the recent economic crisis can be better understood by recovering such theoretical analyses and turning them into a useful framework for economic policymaking *Economic Crisis and Economic Thought* is intended as a companion to economics students at the Master's and PhD level in order for them to confront issues related to the labour market the financial sector macroeconomics industrial economics etc with an alternative and complementary perspective It challenges the way in which economic theory is currently taught and offered via alternatives for the future

Money, Finance and Crises in Economic History Annalisa Rosselli, Nerio Naldi, Eleonora Sanfilippo, 2018-09-03 Recently students and scholars have expressed dissatisfaction with the current state of economics and have called for the reintroduction of historical perspectives into economic thinking

Supporting the idea that fruitful lessons can be drawn from the work of past economists this volume brings together an

international cross section of leading economists and historians of economic thought to reflect on the crucial role that money crises and finance play in the economy The book draws on the work of economists throughout history to consider afresh themes such as financial and real explanations of economic crises the role of central banks and the design of macroeconomic policies These themes are all central to the work of Maria Cristina Marcuzzo and the contributions both reflect on and further her research agenda This book will be of interest to researchers in the history of economic thought and those who wish to gain a deeper understanding of the variety and diversity in approaches to economic ideas throughout history

Keynesian, Sraffian, Computable and Dynamic Economics Kumaraswamy Velupillai, 2021-03-08 This book explores an alternative approach to the conventional market based view of economic theory and economic policy at theoretical numerical and applicable levels The chapters provide a theoretical empirical and algorithmic approach to marcodynamics Sraffian economics and current policy issues Post Keynesian macroeconomics business cycle theory the trade cycle microfoundations and the Philips Machine are also covered This book aims to challenge orthodox ideas and provide a lens through which to honour the work of Stefano Zambelli It will be of relevant to students and academics interested in economics **The SAGE**

Handbook of Marxism Beverley Skeggs, Sara R. Farris, Alberto Toscano, Svenja Bromberg, 2021-11-17 The past decade has witnessed a resurgence of interest in Marxism both within and without the academy Marxian frameworks concepts and categories continue to be narratively relevant to the features and events of contemporary capitalism Most crucially an attention to shifting cultural conditions has lead contemporary researchers to re confront some classical and essential Marxist concepts as well as elaborating new critical frameworks for the analysis of capitalism today The SAGE Handbook of Marxism showcases this cutting edge of today s Marxism It advances the debate with essays that rigorously map and renew the concepts that have provided the groundwork and main currents for Marxist theory and showcases interventions that set the agenda for Marxist research in the 21st century A rigorous and challenging collection of scholarship this book contains a stunning range of contributions from contemporary academics writers and theorists from around the world and across disciplines invaluable to scholars and graduate students alike Part 1 Reworking the critique of political economy Part 2 Forms of domination subjects of struggle Part 3 Political perspectives Part 4 Philosophical dimensions Part 5 Land and existence Part 6 Domains Part 7 Inquiries and debates *Probings and Re-Probings* Sankar Ray, Shaibal Gupta, 2021-11-01

Controversy was the breath of Marx s life and he revelled in it We are therefore not at all apologetic wrote Puran Chand Joshi in the preface to Karl Marx A Symposium published in 1968 commemorating the 150th birth anniversary of Marx adding further It is in the best Indian tradition to operate with belief and hope that it is only through the clash of ideas that truth emerges At a time when a Marxian renaissance has been taking place in academia Joshi s words reverberate with a new vitality an evanescence of official Marxism and official Marxist parties notwithstanding There is no denying that the so called Marxists now pay dearly for wavering between a rather mechanistic interpretation of crisis and its opposite the conviction

that capitalism could only be overcome by an act of will This book is the outcome of an international conference on Karl Marx organised by ADRI in Patna between June 16 and 20 2018 keeping the new Marxian reality in mind Over 50 scholars from across the world sent papers to the Conference covering topics such as economics politics society philosophy etc ADRI welcomed them with an open mind in sync with the Marxian reawakening that treats Marx historically and critically This book is co published with Aakar Books New Delhi Taylor Francis does not sell or distribute the print versions of this book in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

Money, Markets and Capital Jean Cartelier, 2018-04-24 Money and payments are familiar to everybody Economists however are often at a loss in assessing the extent to which money matters As a matter of fact money is at the origin of the main cleavage in economic theory Beyond sophisticated models what is at stake is whether money is just an appearance which hides the essence of economic life value and happiness of people or on the contrary the very substance of economic relations not limited to exchanges in which power and sovereignty are ever present In a first part the author shows how fragile and shaky are the attempts made by value theoreticians to integrate money into their analysis In a second part he develops a rigorous alternative theory by giving strong logical foundations to a monetary analysis in the spirit of Keynes Many important economic phenomena left unexplained by academic theory are accounted for involuntary equilibrium unemployment a new method in dynamics is resorted to viability theory and various economic relations are elucidated which are not reducible to exchange the only one dealt with by academic theoreticians This is the case of the wage relationship Although written in view of an audience acquainted with economic theory this book can be read nevertheless by a larger circle since the technicalities have been reduced to what is strictly necessary to understand what is at stake

Ricardo on Money Ghislain Deleplace, 2017-04-07 Despite his achievements David Ricardo's views on money have often been misunderstood and underappreciated His advanced ideas had to wait until the twentieth century to be applied and most historians of economic thought continue to consider him as an obsolete orthodox The last book devoted in tribute to Ricardo as a monetary economist was published more than 25 years ago Ricardo on Money encompasses the whole of Ricardo's writings on currency whether in print unpublished notes correspondence or reported parliamentary speeches and evidence The aim of the book is at rehabilitating Ricardo as an unorthodox theorist on money and suggesting his relevance for modern analysis It is divided into three parts history theory and policy The first describes the factual and intellectual context of Ricardo's monetary writings The second part puts the concept of standard centre stage and clarifies how according to Ricardo the standard regulated the quantity and hence the value of money The final part shows that Ricardo relied on the active management of paper money rather than on flows of bullion and commodities to produce international adjustment and guarantee the security of the monetary system Published to coincide with the 200th anniversary of the publication of *On the Principles of Political Economy and Taxation* this book will be of great interest to all historians of economic thought and scholars of monetary economics

The Great Financial Meltdown Turan Subasat, 2016-06-24 The

Great Financial Meltdown reviews advocates and critiques the systemic conjunctural and policy based explanations for the 2008 crisis The book expertly examines these explanations to assess their analytical and empirical validity Comprehensive yet accessible chapters written by a collection of prominent authors cover a wide range of political economy approaches to the crisis from Marxian through to Post Keynesian and other heterodox schools **Credit, Money and Crises in**

Post-Keynesian Economics Louis-Philippe Rochon,Hassan Bougrine,2020-07-31 In this volume Louis Philippe Rochon and Hassan Bougrine bring together key post Keynesian voices in an effort to push the boundaries of our understanding of banks central banking monetary policy and endogenous money Issues such as interest rates income distribution stagnation and crises both theoretical and empirical are woven together and analysed by the many contributors to shed new light on them The result is an alternative analysis of contemporary monetary economies and the policies that are so needed to address the problems of today *40 Years of Economics* Muriel Dal Pont Legrand,Sandye Gloria,2025-09-01 This book is written in

honour of Richard Arena Professor of Economics at the University of the C te d Azur and a specialist in the history of economic thought Written by distinguished scholars and historians of economic thought this volume covers various scientific topics that Richard Arena has dealt with during his 40 years of academic activity It features contributions on the theory and history of economic analysis covering economic thinking from the 19th and 20th centuries through the post war period to Cambridge economics and the Sraffa period It also includes contributions on economic modelling economic philosophy and ontology This book will be of interest to anyone interested in the history of economics and in particular the work of Richard Arena

Adopting the Track of Term: An Psychological Symphony within **Towards A New Understanding Of Sraffa Insights From Archival Research**

In a world taken by displays and the ceaseless chatter of instantaneous connection, the melodic splendor and emotional symphony developed by the written term usually disappear in to the back ground, eclipsed by the persistent sound and disturbances that permeate our lives. However, nestled within the pages of **Towards A New Understanding Of Sraffa Insights From Archival Research** a stunning fictional value overflowing with natural emotions, lies an immersive symphony waiting to be embraced. Crafted by a wonderful composer of language, this captivating masterpiece conducts readers on a psychological trip, well unraveling the concealed songs and profound affect resonating within each cautiously constructed phrase. Within the depths of the moving examination, we shall examine the book is key harmonies, analyze their enthralling writing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.

Towards A New Understanding Of Sraffa Insights From Archival Research Introduction

Towards A New Understanding Of Sraffa Insights From Archival Research Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Towards A New Understanding Of Sraffa Insights From Archival Research Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Towards A New Understanding Of Sraffa Insights From Archival Research : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Towards A New Understanding Of Sraffa Insights From Archival Research : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Towards A New Understanding Of Sraffa Insights From Archival Research Offers a diverse range of free eBooks across various genres. Towards A New Understanding Of Sraffa Insights From Archival Research Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Towards A New Understanding Of Sraffa Insights From Archival Research Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Towards A New Understanding Of Sraffa Insights From Archival Research, especially related to Towards A New Understanding Of Sraffa Insights From Archival Research, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Towards A New Understanding Of Sraffa Insights From Archival Research, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Towards A New Understanding Of Sraffa Insights From Archival Research books or magazines might include. Look for these in online stores or libraries. Remember that while Towards A New Understanding Of Sraffa Insights From Archival Research, sharing copyrighted material without permission

is not legal. Always ensure you're either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Towards A New Understanding Of Sraffa Insights From Archival Research eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Towards A New Understanding Of Sraffa Insights From Archival Research full book, it can give you a taste of the author's writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Towards A New Understanding Of Sraffa Insights From Archival Research eBooks, including some popular titles.

FAQs About Towards A New Understanding Of Sraffa Insights From Archival Research Books

1. Where can I buy Towards A New Understanding Of Sraffa Insights From Archival Research books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Towards A New Understanding Of Sraffa Insights From Archival Research book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Towards A New Understanding Of Sraffa Insights From Archival Research books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets:

You can create your own spreadsheet to track books read, ratings, and other details.

7. What are Towards A New Understanding Of Sraffa Insights From Archival Research audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Towards A New Understanding Of Sraffa Insights From Archival Research books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
