sponsorship of MENC explores the significant changes in music and arts education that have taken place in the last decade. Notably, several chapters now incorporate insights from other fields to shed light on multi-cultural music education, gender issues in music education, and non-musical outcomes of music education. Other chapters offer practical information on maintaining musicians' health, training music teachers, and evaluating music education programs. Philosophical issues such as musical cognition, the philosophy of research, theory, curriculum, and educating musically are also explored in relationship to policy issues. In addition to surveying the literature, each chapter considers the significance of the research and provides suggestions for future study. Covering a broad range of topics and addressing the issues of music education at all age levels, from early childhood to motivation and self-regulation, this handbook is an invaluable resource for music teachers, researchers, and scholars.

Writing and Reading Connections Zoi A. Philippakos, Steve Graham, 2022-10-13 Writing skills are essential for success in the 21st-century school and workplace, but most classrooms devote far more time to reading instruction with writing often addressed in isolation or excluded. In this insightful professional development resource, text-leading researchers discuss why and how to integrate writing and reading instruction in grades K-12 and beyond.

Contributors explore how to harness writing-reading connections to support learning in such areas as phonics and spelling, vocabulary, understanding genre and text structure, and self-regulated strategy development, as well as across content areas and disciplines. Special considerations in teaching emergent bilingual students and struggling literacy learners are described. User-friendly features include guiding questions, classroom examples, and action questions that help teachers translate the research and concepts into practice. An NCTQ Exemplary Text for Reading Instruction.

Library 101 Claire Gatrell Stephens, Patricia Franklin, 2015-08-26 This professional primer provides the blueprint to help you create a school library program covering all aspects of library management, such as budgeting, eBook use, purchasing, and teacher collaboration. Advice and strategies from experts in the field will help you master collection development, library administration, recruitment, and staffing. This handbook is the perfect introduction to school library management for both novice and seasoned professionals. The authors, both experienced school librarians, provide basic guidelines for overseeing an effective library program, practical examples that can be used to implement quality lessons, comprehensive coverage of key topics including daily tasks and human resource management, and ideas for the future of school library management. The provided strategies make setting up and running a program easy for professionals at any level. The second edition includes updated information on the latest trends, terminology, and technologies current in the field. The book is organized into three sections focusing on daily operations, your role as a teacher collaborator and visionary, and methods for managing a collection. Included resource lists, sidebars, charts, and pictures offer tips and ideas for successfully implementing your plans.
