Now Laurelin Paige, Claire Contreras, Sierra Simone, Skye Warren, Annika Martin, 2020-04-07 For some the bravest thing a person could ever do is to admit that they've fallen in love. Saying the words out loud changes everything and there's no way to take them back. It's impossible to pluck the words out of the air and slip them into their back pocket to keep the truth safely tucked away. The best feeling in the entire world though is to know irrevocably that the person they fell in love with fell just as hard in love with them. That's what makes a romance a romance. *Need You Now* is a collection of four best-selling novels including *The Dirty Duet* by Laurelin Paige, *Half Truths* by Claire Contreras, *Sinner* by Sierra Simone, *Hostage* by Skye Warren, and *Annika Martin*. It also examines the work of contemporary Anglo Indian writers such as Allan Sealy and Christopher Cyril.

Representing Kink Sara K. Howe, Susan E. Cook, 2019-09-06 Representing Kink raises awareness about non normative texts and non normative erotic practices and desires It defines kink broadly encompassing a range of inappropriate texts and understanding it in frequent reference to non normative erotic fantasies and experiences Kink is treated as both a set of practices as well as a category of texts at the nexus of subject and form In addition to canonical texts that take up erotic and marginalized themes the collection also studies forms that are themselves fringe and feature kink taboo literature self published erotica SM narratives fan fiction role playing games and other disavowed texts The purpose of this study is to focus attention on the margins of an already marginalized subject in order to highlight the extent to which non normative textuality and eroticism both shape and are shaped by culture and context It sheds light on a category of subjects that is at once mainstream in the form of texts such as Fifty Shades of Grey and yet nevertheless repeatedly disparaged and undertheorized This book advocates for conversations about kinky texts that transcend dichotomous frameworks of good and bad and normal and deviant thinking instead in new theoretically rigorous and flexible directions
