The survivors regroup in Georgia but as the years become decades the people become less united by tragedy and more divided by self-interests. Those who remain succeed into 5 new nations. That 1% soon begins to expand with time it also evolves. Their ancestors who survived the Apocalypse only did so because of their mutated genes and those genes only multiplied with each generation until today's descendants begin showing signs of abnormalities. These abnormalities give people ungodly abilities, abilities that are discriminated by the masses so much so that Abnormals have to form guilds to have a sense of family. In WatchDogs Abnormal Beginnings Book 1 we join Cole as his guild has been stripped from him and he has been left for dead. Who is the culprit of such a heinous crime? His brother Join Cole on his epic journey of vengeance as he crosses a wasteland of a planet to get revenge from the man he trusted most. What lies ahead? Will Cole get his revenge? Can he get back what he lost? Is his journey as simple as it seems? Questionable campaign conduct occurs at many levels from national presidential elections to local delegate contests. Campaign ethics goes beyond mere ethical dilemmas or trying to decide whether or not a particular act is above board. The chapters in this volume examine the broad questions of ethics in campaigns from the perspective of those actors that play critical roles in them as well as the scholars who study them. The contributors who include leading academics as well as practitioners from the world of campaigning and campaign reform outline, assess and critique the role and responsibilities of candidates, citizens, organized interest groups, political parties, professional campaign consultants and the media in insuring ethical campaigns.
