Ender,Michael D. Matthews,David E. Rohall,2017-08-04 The U S military can be thought of as a microcosm of American society bringing in people from diverse backgrounds and history to defend one nation Military leaders must address the same issues and concerns as those found in the civilian world including exclusion segregation and discrimination In some cases the military has led the nation by creating policies of inclusion before civilian laws required them to do so In other causes the military has lagged behind the larger society The goal of this book is to provide an overview of the ways in which diversity has been addressed in the military by providing information about particular forms of diversity including race ethnicity religion gender and sexuality Subject matter experts provide their insights into the roles that each of these groups have played in the U S armed services as well as the laws rules and regulations regarding their participation Ultimately the authors utilize this information as a way to better understand military diversity and the unique ways that individuals incorporate the military into their sense identity
