You were born to heal yourself and others Reiki is very easy to learn and the benefits are enormous The basic belief of spiritual healing practices is that the human body has the innate ability to cure itself and that the universal life force energy maintains this healing capacity Sometimes though the body may need help when an imbalance or blockage occurs in its energy field This is where Reiki and chakra healing comes in There is nothing more fulfilling than using all that Earth supplies us to heal You will manifest a pain free mind body and soul Allow me to take you by the hand and take you down this delightful life changing pathway It is a journey you will never regret Learn to grieve with more ease worry less and to manifest more easily the things you need You will dissolve all the blocks that keep you feeling ordinary and unhappy Step inside these pages like you are Alice in Wonderland Learn the stages such as becoming a level 1 and 2 healer and progressing to a Master Healer This manual is based on the requirements of the International Training Standards Association I was a beauty school teacher for over 55 years I was also chosen by the Australian Government to assist with the national training regulations and again to rewrite the international training standards Energy is plentiful in the world and in space you cannot destroy it You were born full of energy Then our thoughts due to our circumstances and happening can cause blockages negative thinking patterns and other illnesses In the beginning it was known as hands on healing a universal life force Nothing on earth nor in space completely stops It rests but still keeps moving Everything vibrates Everything in some subtle way moves Every living thing pulses with the flow of life force that pervades the universe Life is movement When this movement is disturbed there is dis ease An excessive deficient or obstructed energy flow creates illness or abnormal function In turn a balanced energy flow promotes good health Our body stores patterns of physical tension stress and trauma Additionally the tissue stores unresolved emotions thoughts beliefs consciousness fears and phobias Together these create long standing stress patterns throughout the body that do not respond to traditional bodywork Hands On Healing works with the energy dynamics of anatomy and physiology to create shifts in the body Scientists observed several micro networks in the
