Master the Culture Vernon Martin,2010-06 The book Master the Culture reveals that culture has the power to control the meaning of reality For some groups of people these meanings make them superior and for some groups these meanings make them inferior In many cases the American culture is knocking minorities in particular African Americans out of the race before they can get started However by studying culture you will see how it s been playing the citizens of the United States like a drum each and every day To accomplish this goal one must have the ability to view their own society and culture as a stranger would rather than from the narrow perspective of personal experiences and cultural biases In studying culture it will reveal to you who benefits who suffers and who dominates at the expense of others Master the Culture Vernon Martin attended the University of Colorado at Boulder where he earned a degree in Business Administration with an emphasis in Human Resources Previous to attending college Vernon was the lead writer and rapper in the rap group Edge of Elimination and produced two CDs as part of the rap group which sold more than 70 000 copies in the United States and Germany In addition he is a Published songwriter of more than 30 songs Vernon was an active member in Americorps as a volunteer while attending College Mr Martin has a strong faith in giving back to the community and went to work for the Boys Scouts of America in which he held the position of District Executive The desire for educational excellence drove him to Regis University where he earned his MBA in Marketing Strategies Vernon is also a consultant and a motivational speaker Vernon Martin lives in Colorado with his wife and three children
