Subverted Sue Ellen Browder, 2015-07-01 Contraception and abortion were not originally part of the 1960s women's movement How did the women's movement which fought for equal opportunity for women in education and the workplace and the sexual revolution which reduced women to ambitious sex objects become so united In Subverted Sue Ellen Browder documents for the first time how it all happened in her own life and in the life of an entire country Trained at the University of Missouri School of Journalism to be an investigative journalist Browder unwittingly betrayed her true calling and became a propagandist for sexual liberation As a long time freelance writer for Cosmopolitan magazine she wrote pieces meant to soft sell unmarried sex contraception and abortion as the single woman's path to personal fulfillment She did not realize until much later that propagandists higher and cleverer than herself were influencing her thinking and her personal choices as they subverted the women's movement The thirst for truth integrity and justice for women that led Browder into journalism in the first place eventually led her to find forgiveness and freedom in the place she

least expected to find them Her in depth research her probing analysis and her honest self reflection set the record straight and illumine a way forward for others who have suffered from the unholy alliance between the women s movement and the sexual revolution

Magia Sexualis Hugh B. Urban,2006-10-04 Sexuality and the occult arts have long been associated in the western imagination but it was not until the nineteenth century that a large and sophisticated body of literature on sexual magic the use of sex as a source of magical power emerged This book the first history of western sexual magic as a modern spiritual tradition places these practices in the context of the larger discourse surrounding sexuality in American and European society over the last 150 years to discover how sexual magic was transformed from a terrifying medieval nightmare of heresy and social subversion into a modern ideal of personal empowerment and social liberation Focusing on a series of key figures including American spiritualist Paschal Beverly Randolph Aleister Crowley Julius Evola Gerald Gardner and Anton LaVey Hugh Urban traces the emergence of sexual magic out of older western esoteric traditions including Gnosticism and Kabbalah which were progressively fused with recently discovered eastern traditions such as Hindu and Buddhist Tantra His study gives remarkable new insight into sexuality in the modern era specifically on issues such as the politics of birth control the classification of sexual deviance debates over homosexuality and feminism and the role of sexuality in our own new world of post modern spirituality consumer capitalism and the Internet
