When Nonviolent Civil Resistance Campaigns Fail Kirssa Cline Ryckman,2024-11-08

This book examines both how and why nonviolent civil resistance campaigns fail and the diverse category of campaigns that fall short Civil resistance campaigns are known for their success for their ability to overthrow central governments or gain territorial independence There have been a growing number of civil resistance campaigns in recent decades however their rate of success has decreased More unarmed campaigns are now ending without achieving their ultimate political goals This study moves beyond the success or failure dichotomy to unpack how nonviolent campaigns end while also paying attention to the processes that encourage conflict demobilization or transformation Drawing from the fields of political science sociology and nonviolence studies the book develops a continuum of campaign outcomes that includes full and partial success as forms of positive demobilization as well as disbanding and defeat as forms of negative demobilization It provides an overarching framework that links sources of internal campaign strength to termination types and then considers each outcome in depth to explore the reasons why and how campaigns demobilize The work is global in scope including descriptive statistics quantitative analyses and case illustrations spanning a variety of regions and time periods from East Germany in 1953 to Suriname in 1984 and Togo in 2013 This book will be of much interest to students of civil resistance movements and nonviolence conflict studies intrastate conflicts and International Relations

international perspectives this unprecedented collection of essays from leading authorities on refugee studies spotlights the realities and challenges of the global refugee population. With increasing changes in the socio political climate of the world as well as with the rising numbers of natural disasters people of all ethnicities and nationalities are frequently forced from their homes and their homelands. While there is a substantial body of work that addresses refugee policies post traumatic stress disorder and other specific issues there have been few attempts to understand refugee health or comprehend overall refugee adaptation until now. This is the first work to address refugee issues worldwide addressing the psychological health, human rights, political, public policy, law, economic, social and personal aspects of this universal problem. Refugees Worldwide also includes examples of first person refugee stories from around the world eye opening information not available in any other work. Drawing on the expertise of myriad international researchers, theoreticians and practitioners from representative nations around the world this four volume set effectively speaks to a number of refugee issues from a truly global perspective.
