**The Trilogy of Leadership** Jameel Ahmed PhD, 2023-02-18 Leadership is an elaborative term encompassing the ability of an individual to lead, influence, or guide other individuals at large. Inspired by the idea of writing a book, I occurred after tracing the remarkable journey of fifteen prolific leaders and their path-breaking contributions to the world of business. These remarkable leaders discussed in this book are those who influenced me in my career. Thanks to them, I stand where I am now. The power of their legacy has helped change the world to rethink and rediscover the way conventional business was done. Although this book focuses on famous entrepreneurs, philanthropists, and tech-savvy personalities, but the main purpose for which I have written this book is to let you know that no matter what you can grab your dream at any stage of your life. You can become the emperor of your own empire. Leaders will continue to leverage the power of their wisdom. This book is solely meant to motivate people to never give up. The Lost Expedition put me in mind of A Wrinkle in Time with the same sweeping scope that engages one's sense of wonder but far more inclusive and far less elitist than L. Engle's. Smith's characters represent different social classes, ethnicities, abilities, and weaknesses. Whoever reads this book will find at least one POV character with whom they can identify. The Lost Expedition is a solid ending to a great series. There is a sweeping majesty to the world building we have not seen since well since A Wrinkle in Time. You should package up all three volumes to gift to any young adults in your life or any adult in your circle nostalgic for the Golden Age of science fiction fantasy. The Ottawa Review of Books
