Keeping her hostage for nearly two years On the run facing prison he took Janet across the country and back He would deal out beatings and abuses Janet would become brainwashed living in fear every day believing the things he told her about herself It would be a harrowing escape for her and her infant son from this madman Unintended Consequences concludes with a way out and the people who were there to help her The story sets up how change began and how the ability to change grew inside The book brings readers into the world of recovery from the traumas abuses and addictions Kisses of Sunshine for Grandmas Gracie Malone,2005 Five lighthearted and uplifting devotionals capture readers hearts with tales about the joys challenges and frustrations that women face in all their various roles Each devotional also includes a thought provoking quote and a relevant verse from Scripture **Harpo Speaks!** Harpo Marx,Rowland Barber,2004-07-01 Limelight This is a riotous story which is reasonably mad and as accurate as a Marx brother can make it Despite only a year and a half of schooling Harpo or perhaps his collaborator is the best writer of the Marx Brother Highly recommended Library Journal A funny affectionate and unpretentious autobiography done with a sharply professional assist from Rowland Barber New York Times Book Review Striking Resemblance Ida Rowan Roberts,2018-09-11 Striking Resemblance is a book focusing on the dream of two best friends Their dream was to become the best police officers for the town of Shafer Kentucky Since they both were only sixteen years old all their investigations of a cold case murder that happened thirty years before and the recent murder had to be kept between the two of them Their current interest in the cold case was sparked by the latest murder that occurred in the same family and in the same house Since their friend had been charged with the latest murder they knew they had to get busy and prove the authorities wrong Little did these best friends realize that by solving the latest murder they would also solve the cold case Marshall and Jerod the main characters were very head strong and determined to stay the course Their diligence paid off A book such as this one which has its main characters solving two murders that were decades apart is worth reading Marching South with Sherman M. position in families or society and they engage with a communal understanding of symbols This unique book makes the case that archivists who want to preserve as full a human story as possible must recognize the rich documentation provided by tattoos It also argues in a broader sense that traditional archives are not representative of the ways human beings transmit information through time and that they must be augmented by other types of storytelling to provide a more complete record of our species Authors Baxter and Coyner touch on timely topics such as historical narratives storytelling cultural traditions the body as a text social control and memorialization by considering tattoos as a personal and community archive Discussing tattoos as a storytelling tool the authors also challenge how history is kept and who gets included Stories on Skin is committed to the rights of communities to tell their stories in their own way and to the power that right brings
