The Graveyard in Literature Aoileann Ní Éigeartaigh,2021-11-12 This volume

focuses on literary and other cultural texts that use the graveyard as a liminal space within which received narratives and social values can be challenged and new and empowering perspectives on the present articulated. It argues that such texts do so primarily by immersing the reader in a liminal space between life and death where traditional certainties such as time and space are suspended and new models of human interaction can thus be formulated. Essays in this volume examine the use of liminality as a vehicle for social critique, paying particular attention to the ways in which liminal spaces facilitate the construction of alternative perspectives.

Folktales of Newfoundland (RLE Folklore) Herbert Halpert, J.D.A.

Widdowson, 2015-02-20 This collection of Newfoundland folk narratives first published in 1996 grew out of extensive fieldwork in folk culture in the province. The intention was to collect as broad a spectrum of traditional material as possible and *Folktales of Newfoundland* is notable not only for the number and quality of its narratives but also for the format in which they are presented. A special transcription system conveys to the reader the accents and rhythms of each performance and the endnote to each tale features an analysis of the narrator's language. In addition, Newfoundland has preserved many aspects of English and Irish folk tradition, some of which are no longer active in the countries of their origin. Working from the premise that traditions virtually unknown in England might still survive in active form in Newfoundland, the researchers set out to discover if this was in fact the case.
