(c) 2001-2006, weakKnees. All rights reserved.

Instructions for ONE DRIVE REPLACEMENT for most Series 3 HD TiVo DVRs

These instructions are available in COLOR at <http://www.weaknees.com/upgrade-instructions.php>

A FEW WORDS OF CAUTION:

Upgrading a TiVo presents a few physical hazards. As with most consumer electronics devices, components in the TiVo may still carry a lethal charge, even after disconnecting from your power supply. Be aware of this while working inside your TiVo. Allow sufficient time for discharging of components and avoid contact as much as possible with potential hazards. While we have done everything we can to provide accurate, easy-to-follow instructions, we cannot be responsible for any damage done to your TiVo or to yourself as a result of your upgrade. By opening your TiVo, you agree that neither weakKnees nor any of its members or affiliates is responsible in any way for any harm done. Please be VERY careful when upgrading. NEVER open the TiVo while the unit is plugged in and NEVER operate the TiVo if the lid is not securely fastened. **PLEASE NOTE: Opening the TiVo voids the warranty.**

THIS KIT INCLUDES:

- 1 T10 Torx L-Key (see Figure 1)
- 1 T15 Torx L-Key (see Figure 1)
- 1 Upgrade hard drive (not shown)
- 1 Set of upgrade instructions (not shown)

Figure 1

L OPEN THE TIVO

Unplug the power cord from your TiVo and wait five minutes for the TiVo to discharge. Do not plug the TiVo back in until you are completely finished. Be very careful of static electricity, which can destroy your TiVo's internal parts. You should not perform this upgrade on carpet.

Using the Torx T10 (smaller of the two) L-key included with your kit, unscrew the six (6) Torx screws on the back of your TiVo. The screws are surrounded by black from the top of the TiVo's case.

Once the six screws are removed, remove the lid. Place your palms on the top side edges of the TiVo, toward the back and push toward the back of the TiVo (this occasionally requires a bit of force). The cover should slide back and then up. Remove the cover from the TiVo.

Extreme Teams Robert Bruce Shaw, 2017-02-16 This book takes a revitalized look at how teams should work in today's business is driving real growth in some of the world's most innovative firms Every manager desires to have great teams around them collaborating together and running with the mission Unfortunately most of these teams have been built around outdated practices made popular by companies that either no longer exist or haven't been relevant in years However a new generation of teams has learned to do things differently things

like hiring the right person instead of the best person focusing on one priority while leaving room to explore new ideas creating an environment where people are comfortable dealing with the uncomfortable and maximizing profit by not making it top priority In Extreme Teams take a peek into top companies and examine the teamwork experiments powering their results including how Pixar s teams use constant feedback and debate to transform initially flawed films into billion dollar hits A culture of radical freedom and responsibility helps Netflix execute on the next big thing Whole Food s super autonomous teams embrace hard metrics and friendly competition to drive performance Zappos fuels the weirdness and fun that sustains its success From marketing to design to technology to product demand everything has changed in business and will continue to do so Why shouldn t the teams carrying out these changes undergo their own upgrades [Instructional Materials in Latin American Industrial Schools](#) Committee on Instructional Materials,1953 [PC Magazine](#) ,2007
