Toward A Multicultural Configuration Of Spain Local Cities Global Spaces:

Toward a Multicultural Configuration of Spain Ana Corbalán, Ellen Cecilia Mayock, 2015 This volume foment exploration of how Spanish cities big and small are experiencing transformation in architecture popular customs and festivals economics family dynamics and social and political agency through the arrival of new residents from around the globe

Toward a Multicultural Configuration of Spain Ana Corbalán, Ellen Mayock, 2014-11-20 This collection of essays explores cultural phenomena that are shaping global identities in contemporary Spain This volume is comprised of twenty essays that examine literary documentary and film representations of the multicultural configurations of Spain All of the essays treat multiculturalism in Spain focusing on reconfigured Spanish cities and neighborhoods through Latin American African and or Eastern European migrations and cultures Principal themes of the volume include urban space and access to resources responses to the economic crisis emerging family portraits public versus private spaces the local and the global marginalities migrations and public expression of human and civil rights This project examines the intercultural exchange that takes place in recent productions against an imaginary homogeneous Spanish national identity These films documentaries and narratives seek to unsettle the Spanish preconceptions of the Other s Therefore these texts construct a hybrid concept of the nation in which perceived national identities can be altered by interactions with other cultures from a broader world The originality of the work lies in its focus on contemporary Spanish literature documentaries and fictional film to foment exploration of how Spanish cities big and small are experiencing transformation in architecture popular customs and festivals economics family dynamics and social and political agency through the arrival of new residents from across the globe Some of the essays question the very legitimacy of the term multiculturalism others examine the formation of new communities and still others explore the changes in religious representations and the environmental effects of the tourist industry Together the essays offer a compelling portrait of the changing face of contemporary Spain

Gender in Spanish Urban Spaces Maria C. DiFrancesco, Debra J. Ochoa, 2018-01-03 This edited collection examines the synergistic relationship between gender and urban space in post millennium Spain Despite the social progress Spain has made extending equal rights to all citizens particularly in the wake of the Franco regime and radically liberating Transición the fact remains that not all subjects particularly women immigrants and queers possess equal autonomy The book exposes visible shifts in power dynamics within the nation's largest urban capitals Madrid and Barcelona and takes a hard look at more peripheral bedroom communities as all of these spaces reflect the discontent of a post nationalistic economically unstable Spain As the contributors problematize notions of public and private space and disrupt gender binaries related with these they aspire to engender discussion around civic status the administration of space and the place of all citizens in a global world

Alternative Communities in Hispanic Literature and Culture Luis H. Castañeda, Javier González, 2016-09-23 What are Hispanic alternative communities and how are they represented in literature film and popular music This book studies the fictional representation of circles of artists

and intellectuals youth gangs musical bands packs of marginal urban dwellers groups of immigrants and other diverse associations that share the common trait of being small and subversive collectives perhaps akin to secret societies plotting to take control of society These groups usually exist within a larger and established community typically the nation state though maintaining with it complicated relations of rivalry criticism outright violence and other forms of antagonism Thus alternative communities represent the other side of official institutions by constituting dystopias that condemn the status quo or by building utopias that point to new social arrangements In the Hispanic world a broad transatlantic space that includes Spain and Spanish America alternative communities have existed since the 19th century a time of nation building for Spanish American countries all the way to the 21st century when hybrid postnational and cosmopolitan communities begin to appear The seventeen chapters brought together in this volume which constitutes the first systematic approach to Hispanic alternative communities tackle this complex cultural phenomenon from diverse critical perspectives

A Laboratory of Her Own Victoria L. Ketz, Dawn Smith-Sherwood, Debra Faszler-McMahon, 2021-01-15 A Laboratory of Her Own gathers diverse voices to address women's interaction with STEM fields in the context of Spanish cultural production This volume focuses on the many ways the arts and humanities provide avenues for deepening the conversation about how women have been involved in excluded from and represented within the scientific realm While women's historic exclusion from STEM fields has been receiving increased scrutiny worldwide women within the Spanish context have been perhaps even more peripheral given the complex sociocultural structures emanating from gender norms and political ideologies dominant in nineteenth and twentieth century Spain Nonetheless Spanish female cultural producers have long been engaged with science and technology as expressed in literature art film and other genres Spanish arts and letters offer diverse representations of the relationships between women gender sexuality race and STEM fields A Laboratory of Her Own studies representations of a diverse range of Spanish women and scientific cultural products from the late nineteenth through the twenty first centuries STEM topics include the environment biodiversity temporal and spatial theories medicine and reproductive rights neuroscience robotics artificial intelligence and quantum physics These scientific themes and other issues are analyzed in narratives paintings poetry photographs science fiction medical literature translation newswriting film and other forms

Rocking the Boat Silvia Bermúdez, 2018-03-01 Silvia Bermúdez's fascinating study reveals how Spanish popular music produced between 1980 and 2013 was the first cultural site to engage in critical debate about ethnicity and race in relation to the immigration patterns that have been changing the social landscape of Spanish society since the late 1970s In Rocking the Boat Bermúdez examines the lyrics of songs by both renowned and up and coming artists to illuminate how these new migrants challenged Spain's notions of homogeneity boundaries accommodation and incorporation Bermúdez observes that immigration has had such a significant influence on Spanish society that the tattered boats seen to this day on the shores of Spain and throughout the Mediterranean Sea have become inverted emblems of the ships that were once symbols of great power and economic

development Rocking the Boat is a nuanced account of how popular urban music shaped the discourse on immigration transnational migrants and racialization in Spain's new social landscape *Modern Spain* Enrique Ávila López, 2015-12-07 Fulfilling the need for English source material on contemporary Spain this book supplies readers with an in depth interdisciplinary guide to the country of Spain and its intricate diverse culture Far from a usual reference book *Modern Spain* takes the reader through the country's history economy and politics as well as topics that address Spain's popular culture such as food sports and sexuality Because of the interdisciplinary nature of its content this book differs from the average typical English manuals that very rarely cover in depth the whole array of interesting issues that define Spain in the 21st century The vast amount of information makes this book the perfect companion for any reader wishing to learn more about Spain Packed with current facts and statistics this book offers an unbiased view of a modern country making it an ideal source for undergraduate students and scholars *Tracing the Borders of Spanish Horror Cinema and Television* Jorge Mari, 2017-04-07 This critical anthology sets out to explore the boom that horror cinema and TV productions have experienced in Spain in the past two decades It uses a range of critical and theoretical perspectives to examine a broad variety of films and filmmakers such as works by Alejandro Amenábar lex de la Iglesia Pedro Almodóvar Guillermo del Toro Juan Antonio Bayona and Jaume Balaguer and Paco Plaza The volume revolves around a set of fundamental questions What are the causes for this new Spanish horror mania What cultural anxieties and desires ideological motives and practical interests may be behind such boom Is there anything specifically Spanish about the Spanish horror film and TV productions any distinctive traits different from Hollywood and other European models that may be associated to the particular political social economic or cultural circumstances of contemporary Spain *Liquid Borders* Mabel Moraña, 2021-03-14 *Liquid Borders* provides a timely and critical analysis of the large scale migration of people across borders which has sent shockwaves through the global world order in recent years In this book internationally recognized scholars and activists from a variety of fields analyze key issues related to diasporic movements displacements exiles illegal migrants border crossings deportations maritime ventures and the militarization of borders from political economic and cultural perspectives Ambitious in scope with cases stretching from the Mediterranean to Australia the US Mexico border Venezuela and deterritorialized sectors in Colombia and Central America the various contributions are unified around the notion of freedom of movement and the recognition of the need to think differently about ideas of citizenship and sovereignty around the world *Liquid Borders* will be of interest to policy makers and to researchers across the humanities sociology area studies politics international relations geography and of course migration and border studies **African Immigrants in Contemporary Spanish Texts** Debra Faszter-McMahon, Victoria L. Ketz, 2016-03-09 Around the turn of 21st Century Spain welcomed more than six million foreigners many of them from various parts of the African continent How African immigrants represent themselves and are represented in contemporary Spanish texts is the subject of this interdisciplinary collection Analyzing blogs films translations

and literary works by contemporary authors including Donato Ndongo Equatorial Guinea Abderrahman El Fathi Morocco Chus Guti rrez Spain Juan Bonilla Spain and Bahia Mahmud Awah Western Sahara the contributors interrogate how Spanish cultural texts represent idealize or sympathize with the plight of immigrants as well as the ways in which immigrants themselves represent Spain and Spanish culture At the same time these works shed light on issues related to Spain s racial ethnic and sexual boundaries the appeal of images of Africa in the contemporary marketplace and the role of Spain s economic crisis in shaping attitudes towards immigration Taken together the essays are a convincing reminder that cultural texts provide a mirror into the perceptions of a society during times of change
