

Passat B6 / 3C Inner Tail Light Install

(aka Skyline lights)

Updated Jan 26, 2012

Written by angelico.

Please contact me on vwxvortex if you have questions or see a change that needs to be made.

Notes:

The more I looked into these lights, the more I found that could be done with them. There are many different wiring options depending on what function you want the lights to perform.

This document should apply to the Jetta as well but the size of the LED board is slightly different, and only works with the Euro LED tails, not the halogen North America tails.

The Jetta DIY can be found here, (http://www.angelico.ca/files/Blickleuchtenmodification_Jetta_V.pdf)

Special thanks to Kevin Dee, Julian Dima, passatfan2006, jhopillon, chadronin, LeeNouks, mvfdbfwag, and GemPlus.

Purchase info:

Preassembled lights (both sedan and wagon) can be purchased directly from:

Kevin Dee (Kevin_dee@163.com) (<http://www.car-led.com/>) Can provide lights for Mazda 6 and Mazda 3. Passat Front LED turn signals and DRL lights also available. Uses OSRAM LEDs, the official supplier to Hella and Valeo.

Julian (july1209@yahoo.co.uk) (<http://www.jkshining.com/>) Can provide lights for Jetta, Golf, and more. Passat front LED turn signals also available and other custom LED work.

---Due to difficulty of modifying your own lights, the LED boards are no longer available---

Personally, I recommend buying the lights already assembled because it's a lot of work to install the boards and you can very easily damage your lights. Leave it to the Pros!
