Coming of age during the Vietnam War Mike McCurry decides to join the U S Army rather than be drafted or take a flight to Canada He is assigned to the Army Security Agency and begins a life of covert operation as a voice interceptor In the late 1960s McCurry arrives at Teufelsberg a super secret listening station in West Berlin McCurry and his fellow operatives have direct access to some of the most sensitive conversations of top officials of the East German government's Central Committee in East Berlin Unfortunately McCurry's group of interpreters and analysts are supervised by regular Army personnel who have no idea of the tasks being carried out by those under their command McCurry's supervisors are more interested in how their troops perform on the drill field than how they are fulfilling their assigned intelligence mission and that doesn't sit well with McCurry when national security is at stake It doesn't take him long to recognize that it will require a combination of guile and humor to overcome the obstacles put in his path by clueless supervisors But the incompetence of the leadership ultimately becomes deadly forcing McCurry to make a choice between following orders or facing a court martial *If Only You Could Bottle It* Jack Nusan Porter, 2023-09-12

After almost twenty years of internationalization Chinese firms have shown their growing innovation capability through benefiting from global networks and domestic efforts However how Chinese firm innovation is facilitated at the international and domestic levels remains to be understood This book investigates innovation in China from three aspects First starting at the international level the effects of Chinese foreign linkages in innovation are examined from the relationship view and the foreign ownership perspective Second before moving to the domestic level the moderating role of global networks e.g. global supply chain collaboration is examined to understand the relationship between competition of unregistered firms and innovation of registered firms Third at the domestic level innovation is studied from both upstream and downstream of the value chain consumers decision making in innovative products and strategic choices and environment constraints for product innovation Collectively this book actively investigates innovation in China at international and domestic levels It investigates
