Maintenance Test Flight Manual **Henry Has to Be Buried and Other Stories** Waldo Casanova, 2006-03-26 There is no
available information at this time [The Lost El Dorado](#) Michael Gazdar, 2024-04-27 Professor John Waales an
anthropologist at U C Berkeley has spent his life in quest of a great find He has been the assistant on many good projects but
every original project he tries winds up in failure His wife died suddenly when he was on a failed mission out of contact with
his family for six weeks His daughter who was 12 at the time never forgave him completely He lost himself in his work and
further alienated her He has been working on finding the famed El Dorado the legendary city made of gold hidden in the
Andean Mountains near Bogota the modern capitol of Columbia for years He is close friends with a chiropractor Dr Jack Paris
who takes care of him and his daughter He has an assistant Robin Quigley who is secretly plotting against him to capture
gold and the glory of the El Dorado treasure He is also friends with the skipper of a W W II PT boat who takes him up the
Amazon in search for the gold His theory laughed at by many of his colleagues shows that the Chibcha Indians who built the
Lost City at Lake Guatavita actually tore down the buildings covered with sheets of gold took their treasures and moved out
of the mountains down several thousand feet to the Amazon jungle along one of the many hidden tributaries Here they hid
from the outside world and were never heard from again except by occasional sightings all unconfirmed This data had been
gathered by Professor Waales and was now waiting physical confirmation There is an Ex CIA spy Thomas Reichen who was
kicked out of the Agency and was supposed to be terminated They were unable to kill him and he changed his looks and his
identity He became a professional guide in Peru and Columbia and learned those countries inside and out He has connections
with the natives terrorists drug runners and gun dealers He is hired by a Financier Leon Scarborough who is financing the
efforts of the Anthropologist but is actually working for a terrorist The guide is told that once the City is found then he will
kill the anthropologist his daughter the chiropractor and the boat captain This also works well for the Guide because he will
keep the Captain's boat and will return for supplies to set up a satellite relay laser weapon which will serve the terrorist's
country They would keep the gold and also harvest extract and sell cocaine from the Basin Then the Assistant Anthropologist
will take credit for the discovery of the site the laser will be installed and the gold will be secretly removed The assistant
anthropologist will be told he will get most of the gold and the credit for the discovery but he will be killed after the others
once they discover the City The plan is that at the end the Financier and the Guide will make it back to civilization with the

help of the natives and will be thought to be dead along with the others What they also didn't count on was the presence of giant killer piranhas in the river around the new location of the famed El Dorado These piranha were bred over 500 years ago with the local non killer Pacu fish a close relative which feeds on vegetation and also the giant pirarucu fish The Pacu are much larger than the piranhas some two to three feet in length but have the same body shape as the piranhas and the pirarucu are one of the world's largest fresh water fish as long as twelve feet in length and weigh several hundred pounds When they were cross bred by the local kings who lived in the El Dorado they eventually became giant killers with Piranha teeth and a taste for flesh but with the length of the much larger pirarucu and the girth of the fat pacu
