The Wireless in the Corner Alan Palmer, 2017-04-11 Nothing in my childhood stands so sharply etched in memory as this transition from peace to war with its strange mixture of drama pathos anticlimax and near farce Almost certainly at no other time did we as a family find ourselves so dependent on the wireless Based on diary entries family letters photography albums and newspaper cuttings *The Wireless in the Corner* is the personal account of a boy brought up in London's suburbia during the second quarter of the 20th century the years English historian Asa Briggs called the Golden Age of Broadcasting Drawing on his sharp visual and aural memory author Alan Palmer recounts his early life as the only child of elderly parents living at Gants Hill in unfashionable Ilford After a trip to Belgium aged six Alan became gripped by the events in Europe and observing international affairs became as much a hobby as collecting stamps Listening to the wireless every evening Alan's childhood is as much a personalised political social and military history as it is reminiscence *The Wireless in the Corner* is written with the intention of recapturing the strain of the Blitz and later of flying bombs and rockets and the relieving moments of peace and contentment that were held so dear to the author The book carefully distinguishes between what was known then and what readers know now so as not to obscure events with thoughts based on present assumptions Inspired by A J P Taylor and similar to the work of Philip Ziegler and A L Rowse *The Wireless in the Corner* will appeal to readers interested in military history and autobiographies It will also appeal to those interested in life during the war
