Patrikeeff, 2002-08-06 This work explores Russian life in Northern Manchuria modern China during the period of political economic and social upheaval leading to its eventual de facto control by Japan and disruption of the balance of power in the Northeast Asian Region Presenting a fresh interpretation of the combined impact of the 1929 Sino Soviet Conflict and the onset of the Great Depression the book examines the interplay of Soviet and emigr Russian

The Military and Society Patricia Rosof, 1982 Scholars analyze recent research on the historical interaction of military and social systems in the United States France Germany Italy Russia and China The 1929 Sino-Soviet War Michael Walker, 2021-02-01 For seven weeks in 1929 the Republic of China and the Soviet Union battled in Manchuria over control of the Chinese Eastern Railroad It was the largest military clash between China and a Western power ever fought on Chinese soil involving more that a quarter million combatants Michael M Walker's The 1929 Sino Soviet War is the first full account of what UPI s Moscow correspondent called the war nobody knew a limited modern war that destabilized the region s balance of power altered East Asian history and sent grim reverberations through a global community giving lip service to demilitarizing in the wake of World War I Walker locates the roots of the conflict in miscalculations by Chiang Kai shek and Chang Hsueh liang about the Soviets political and military power flawed assessments that prompted China's attempt to reassert full authority over the CER The Soviets on the other hand were dominated by a Stalin eager to flex some military muscle and thoroughly convinced that war would win much more than petty negotiations This was in fact Walker shows a watershed moment for Stalin his regime and his still young and untested military disproving the assumption that the Red Army was incapable of fighting a modern war By contrast the outcome revealed how unprepared the Chinese military forces were to fight either the Red Army or the Imperial Japanese Army their other primary regional competitor And yet while the Chinese commanders proved weak Walker sees in the toughness of the overmatched infantry a hint of the rising nationalism that would transform China's troops from a mercenary army into a formidable professional force with powerful implications for an overconfident Japanese Imperial Army in 1937 Using Russian Chinese and Japanese sources as well as declassified US military reports Walker deftly details the war from its onset through major military operations to its aftermath giving the first clear and complete account of a little known but profoundly consequential clash of great powers between the World Wars

from the time of Deng Xiaoping's return to power in 1978 to his resignation from his last major party post in the wake of the 1989 Tiananmen crisis this work traces the evolution of Deng s grand strategy to create unity and stability so that he could launch his ambitious programme to modernize China by the year 2000 The author examines the impact of Deng s goal on the events of spring 1989 A History of China in the 20th Century Lü Peng, 2023-08-14 This book provides readers with rich context and detailed description leading to new perspectives on major historical events in China Positioned as a thought leader and highly acclaimed arts professional in China the author is able to give a historical account of China's twentieth century that is richly informed by its valent fields of political economy and cultural studies Western readers knowledge of China's twentieth century remains based on pioneering research of modern scholars such as Fairbank and Jonathan Spence In recent years however it is rare to see a complete history of China spanning the nineteenth and twentieth centuries which also includes the first two decades of the twenty first century This book contributes new narrative and perspective to this span of history Now as the Sino US trade conflict makes dramatic impact on a post COVID global economy readers have the need for a fresh understanding of how China came to be what it is today The author's groundbreaking work provides new insight provided by newly uncovered sources explaining how China came to be what it is today from a cultural and sociological perspective in a historical mode Policing Shanghai, 1927-1937 Frederic Wakeman Jr., 1995-02-17 Prewar Shanghai casinos brothels Green Gang racketeers narcotics syndicates gun runners underground Communist assassins Comitern secret agents Frederic Wakeman's masterful study of the most colorful and corrupt city in the world at the time provides a panoramic view of the confrontation and collaboration between the Nationalist secret police and the Shanghai underworld In detailing the life and politics of China's largest urban center during the Guomindang era Wakeman covers an array of topics the puritanical social controls implemented by the police the regional differences that surfaced among Shanghai's Chinese the influence of imperialism and Western trained officials Parts of this book read like a spy novel with secret police torture assassination and power struggles among the French International Settlement and Japanese consular police within Shanghai Chiang Kai shek wanted to prove that the Chinese could rule Shanghai and the country by themselves rather than be exploited and dominated by foreign powers His efforts to reclaim the crime ridden city failed partly because of the outbreak of war with Japan in 1937 but also because the Nationalist police force was itself corrupted by the city Wakeman's exhaustively researched study is a major contribution to the study of the Nationalist regime and to modern Chinese urban history It also shows that twentieth century China has not been characterized by discontinuity because autocratic government whether Nationalist or Communist has prevailed **Politics of Disillusionment** Hsi-Sheng Chi,2019-07-23 An analysis of the Chinese Communist Party from the time of Deng Xiaoping's return to power in 1978 to his resignation from his last major party post in the wake of the 1989 Tiananmen crisis this work traces the evolution of Deng s grand strategy to create unity and stability so that he could launch his ambitious programme to modernize China by the year

A History of the Modern Chinese Navy, 1840-2020 Bruce A. Elleman, 2021-05-09 This book provides a comprehensive history of the modern Chinese navy from 1840 to the present Beginning with a survey of naval developments in earlier imperial times the book goes on to show how China has since the mid 19th century four times built or rebuilt its navy after the Opium Wars a navy which was sunk or captured by the Japanese in the war of 1894 1895 during the 1920s and 1930s a navy again sunk or lost to Japan in the war of 1937 1945 in the 1950s a navy built with Soviet help which stagnated following the Sino Soviet split in the early 1960s and finally the present navy which absorbed its predecessor but with the

most modern sections dating from the 1990s a navy which continues to grow and prosper The book also shows how the underlying strategic imperative for the Chinese navy has been the defense of China's coasts and major rivers how naval mutiny was a key factor in the overthrow of the Qing and the Nationalist regimes and how successive Chinese governments aware of the potent threat of naval mutiny have restricted the growth independence and capabilities of the navy Overall the book provides at a time when many people in the West view China and its navy as a threat a rich detailed and realistic assessment of the true nature of the Chinese navy and the contemporary factors that affect its development Mission Joseph W.
