

Attack the Western Keeps!

Start by heading the SW Magic Keep. A RedDead Knight is most likely in there, but have no fear: If you remember how Gibdos work, then you know exactly what to expect from a RedDead Knight.

Next head to the West Magic Keep and capture it. You need to capture only the middle Magic Keep on each side of the map, but it's better to capture them all because you're in the area anyway. Once you're done capturing the West Magic Keep, head to the NW Magic Keep and capture it, too.

When East Meets West

Make your way across the top of the map to the east side of the battlefield, then capture the eastern Magic Keeps. After you capture the middle Keep, the flow of magic will stop, meaning the RedDead Knights will stop returning and the ones still on the field will lose their morale boost. Stopping the flow of magic through the Magic Keeps will also open the Sorceress' Room. Capture the SE Magic Keep before entering Cia's room to make sure you have extra control on the battlefield.

NOTE

Securing the Field

This is a great time to clear out any remaining RedDead Knights and mop up any clusters of enemy soldiers. The Scenario won't advance until you step into the Sorceress' Room, so you can take your time making sure your army is safe and fit to fight.

HEART CONTAINER OPPORTUNITY

If you're playing as Impa, you can run south of the SE Magic Keep, on the end of the winding path to find a boulder. Under the boulder is a chest containing Impa's Piece of Heart for this Scenario.

GOLD SKULLTULA OPPORTUNITY

Behind the cracked wall to the west of the SW Magic Keep is the 1,000 KO Skulltula. Just blow up the wall with your Bombs and it's yours for the taking.

Mirror Match

As soon as you enter the Sorceress' Room, Cia approaches Link with a new sinister plan at play. Link's overconfidence in battle has led to a darkness growing in his heart and Cia plans to utilize that darkness for her own gains. She casts a spell on Link that drags his negative traits from his heart and turns them into a doppelganger. Quite literally, Link must face his inner darkness come to life in the form of Dark Link.

This fight can get pretty tough, so you need to be alert to avoid getting caught in Dark Link's combos. Everything Link can do Dark Link can do as well, so you know that this foe is dangerous. The best

way to challenge Dark Link is by using the baiting strategy of guarding until his Weak Point Mark appears. It's going to take several Weak Point Smashes to bring Dark Link to his knees, so don't lose focus for even a second if you want to survive this encounter!

The True Darkness!

After defeating the first Dark Link, four more Dark Links appear around the battlefield. You must challenge and defeat at least two of them to complete this mission. Luckily, your teammates will do their part to

weaken the Dark Links while you're facing off with one yourself.

Ganondorf Enters the Fray

Having loosened the restraints that have kept his spirit sealed away, the evil Ganondorf appears on the battlefield to face off with the heroes. Ganondorf will bring with him a small army to help his cause: The destruction of the heroes. Your allies feel that fighting with Ganondorf at this point in time is folly, and decide that regrouping in the Temple of Souls would be the best option.

Where There Is Light . . .

Another Dark Link appears inside the Sorceress' Room and politely waits to be challenged. This is an excellent time to sweep the field of any remaining Dark Links and Ganondorf's forces, as they are undoubtedly causing all sorts of trouble on the battlefield right now.

PIECE OF HEART OPPORTUNITY

If you're playing as Fi, you can run down to the South Garden Keep and capture it to reveal a treasure chest containing her Piece of Heart for this Scenario.
